Wagner's Catalog of Flowers

TREES, SHRUBS and HARDY PLANTS

An Invitation

We extend a cordial invitation to everyone interested in beautiful surroundings to visit Wagner Park Nurseries. August is the best month, but visitors are welcome at any time. When touring in your auto do not fail to include Wagner Park in your tour. Good roads lead in every direction.

Important to Purchasers —Read Carefully

Early Orders.—Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without doing an injustice to others who have their orders previously booked. In fairness to all we practice filling orders in rotation as received.

Club Orders.—By several friends or neighbors combining their orders is an advantage, as you can then order in larger quantities at lower rates, as well as save in transportation charges. Quantity rates are—six plants of any one variety at dozen rate. Twenty-five plants of any one variety at hundred rates.

Shipping Facilities.—We are admirably located for making shipments North, East, South, or West, having the C. C. & St. L. R. R. east and west, the C. H. & D. R. R. north and south, also have the W. O. Electric, all of which connect with various lines. We have the Wells Fargo and American Express Companies, which makes our shipping facilities first class for any direction, thus assuring you of prompt and most direct service. When no instructions are given we use our best judgment as to how to ship.

Parcel Post.—Shipments must be prepaid, and we will ship by mail when so desired, (if weight and size of order is within the postal limit) charging actual amount of postage paid.

Plants By Express.—This is a most satisfactory method of transportation, as it enables us to give good values in the form of fine large plants, and we do not have to wash the soil off the roots as is the case when sent by mail. Plants are handled by Express Companies at special rates.

Freight Shipments.—We do not advise this method of shipment except with heavy and bulky stock.

Guarantee.—Most of the failures with plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success. We take all possible care to supply only such stock as will, under proper conditions, produce satisfactory results. We guarantee stock to be true to name, and will upon proper proof replace any that may prove untrue.

Remittances.—Remittances should be made by Post Office Money Order, Registered Letter, Bank Draft, or Express Company Money Order.

THE WAGNER PARK NURSERY COMPANY, Sidney, Ohio

The wonderful results obtained in this planting are largely due to the high quality of Wagner plants.

FOREWORD

To those thousands of garden lovers who have already made the acquaintance of the Wagner Park Nursery, the introductory paragraphs of this catalog will doubtless seem to be unnecessary.

To them, the rugged vigor of all the trees and shrubs and plants that come from Wagner Park is well known. They know, also, how carefully and scientifically Wagner plants are packed for shipment, assuring their arrival at destination with vigor unimpaired.

They know the endless variety of the Wagner stock, including every plant, shrub, tree, evergreen, flowering bush, tufted grass and hardy perennial that can be grown in American soil.

They know the meaning of Wagner Landscape Service and how this service solves the problem of garden design and secures the speediest and most permanent beautification of the home grounds.

These opening sentences are, therefore, addressed primarily to those of our readers who are not already familiar with the Wagner ideals and who have not experienced the satisfaction that comes with Wagner Plants and Plantings.

Listed in the following pages you will find an endless variety of hardy plants, trees and shrubbery to create beautiful and artistic effects.

We at Wagner Park are not contented merely to sell our merchandise. We look beyond the immediate commercial transactions to the purpose which every plant and shrub and tree is intended to serve in making beautiful some spot otherwise barren and unlovely.

In soliciting your order for Wagner Plants, we are, therefore, seeking an opportunity for extending the area of Wagner Service and sharing with you the satisfaction that always attends the realization of the Wagner Ideal.

The Wagner Park Nursery Company

General List of Hardy Plants

Under this section we list all the most desirable Perennials and Herbaceous Plants for general planting and hardy borders. **A WAGNER BORDER IS A JOY FORERER!** We really mean it—the pleasure of perennials knows no end. Not only are the earliest, chilliest days of spring ushered in by these radiant old flowers; all through the long summer they offer pictures of living beauty, changing from month to month till the whole gamut of hues is run.

They even defy the "melancholy days," for the autumn perennials—the cheerful asters, the dainty Michelmas Daisies, the many new varieties of Phlox of myriad pastel-tints—are not less lovely than their brilliant predecessors. Even after frost there are the gay little hardy chrysanthemums, the "pompon" of Grandmother's day. And when winter's winds have whipped the last blossoms from the stalks the souvenir of the brilliant procession of lavish bloom lingers to set agog anticipation of "next year." For "next year" the Wagner Border will "come back," richer, more interesting than ever, like charming friends.

And that's the beauty of it! A Wagner Hardy Border or group of Wagner perennials is a permanent affair. Once properly planted they require little care for years. If the most effective and most lovable of all flowers were not found among the perennials their splendid faculty for taking care of themselves would give them a place in every good garden, in every "yard."

Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country. "Wagner Hardy Border Collections," offered on page 33. Your order to Wagner Park Nurseries is carefully executed whether it be for one peony or a thousand perennials.

VARIETIES SUITABLE FOR SHADY PLACES. Achillea, Aegopodium, Anemones, Aquilegia, Acorus, Asters, Bocconia, Baptisa, Coreopsis, Chrysanthemums, Shasta Daisies, Delphinium, Digitalis, Funkia, Hemerocallis, Hibiscus, Iris all varieties, Lily of the Valley (Convallaria), Lychnis, Monarda, Rudbeckia, Papaver (Poppies), Physostegia, Sedum, Violets. All the above varieties will also thrive in sunny open situations except Anemones, Digitalis, Lily of the Valley and Violets.

VARIETIES SUITABLE FOR HOT AND DRY PLACES. Asters, Anthemis, Boltonia, Coreopsis, Shasta Daisies, Gallardia, Eulalia, (Hardy Grasses), Hibiscus, Hollyhocks, Helianthus, Hardy Pinks, Liatris, Monarda, Phlox, Pyrethrum, Rudbeckia, Sedum, Tritoma, and Yucca. The above varieties will also thrive in partial shade.

Other varieties not classified above may be used in general plantings.

Treatment of Plants on Arrival

If plants arrive during freezing weather, do not unpack them immediately, but place in some cool though not frozen spot such as a shed or outhouse, until they commence to thaw out.

If they arrive during hot, dry weather, they should, if possible, be planted immediately and well watered. If impossible to do this, then heel in (throw soil over the roots) and water, until the permanent bed is ready for the plants. If the roots seem dry when received, moisten them immediately, and place in the shade. Always keep the roots where they are not exposed to drying winds.

Cultural Instructions

In reference to the cultivation of hardy plants, take care to start right. Remember that the plants are to stand undisturbed for some time, and that they may flourish, spade the ground deep and dig in a liberal supply of well rotted manure. Do not plant too near or under trees, except in the case of certain varieties, which enjoy partial shade, and then be careful not to let the tree's roots impoverish the soil.

Plants, like mankind, cannot endure too much hardship. When they die there is certainly something that has caused it. A great many valuable plants that are sent out perish because of careless planting. No matter how careful we may be in lifting and packing the plants some of them may be lost through neglect after being planted.

The secret of success is to have the soil well prepared so that when the plants are received they can be planted without delay. After the planting is done, careful attention should be given to watering, especially if the weather is warm and dry. All hardy plants should have a heavy mulching during the first winter, which is a great protection and assists the plants to become well established.

These instructions also apply to trees, shrubs and other plants.

ABBREVIATIONS. (D.) Indicates height 6 to 15 inches. (M) indicates height 15 to 36 inches. (T) indicates height 36 to 60 inches. Blooming period of plants are indicated by months following name.

PRICES PER DOZEN AND HUNDREDS.

6 plants of any one variety at dozen rate; 25 plants of any one variety at 100 rate.

All plants listed at 15c are \$1.50 per dozen; \$10.00 per 100. All plants listed at 25c are \$2.50 per dozen; \$15.00 per 100.

All plants listed at 35c are \$3.50 per dozen; \$25.00 per 100. All plants listed at 50c are \$5.00 per dozen; \$35.00 per 100.

We have growing on our grounds extra heavy developed specimen plants of many varieties, ranging in price from 75c to \$2.00 each.

SPECIAL NOTE—Those varieties underlined are of exceptional value, and will always give satisfaction.

Hardy Plants—Herbaceous Perennials

Achillea Boule de Neige (Ball of Snow) (D). Hardy herbaceous plant of easy culture. They are of dwarf growth and excellent for edging to other tall growing perennials. The flowers of this variety are perfectly double and pure white. \$1.50 per dozen; \$10.00 per 100; larger plants, 20 cents; \$2.00 per dozen; \$12.50 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

ACHILLEA Roseum (D). June, July. Red.

The Pearl (M). June to September. Pure white.

ACONITUM Napellus (M). June, July. Dark blue. 25 cents.

Napellus Albus (M). June, July. White flowers. 25 cents.

Aegopodium (Goutweed) **Variegata** (D). A rapid growing plant, with neat variegated foliage, thriving in any soil; makes a fine border for a bed of shrubs or for covering waste or barren spots. \$1.00 per dozen; \$5.00 per 100; extra heavy clumps, 25 cents; \$2.50 per dozen.

ALYSSUM Hardy Argenteum (D). May, June. Greyish foliage, yellow flowers.

ANCHUSA Italica (M). June, July. Deep blue flowers.

Anemones (Japanese Wind Flower). These beautiful plants are one of the most desirable of all hardy plants on account of their continuation of bloom from early August until cut down by hard frost. All are excellent for cutting, lasting in good condition for many days. They can be used in solid beds or clumps in the hardy border. We offer the three varieties.

ANEMONES Japonica Alba. Large white, very fine.

Queen Charlotte. Fine semi-double flowers. Color, La France pink, a color that is rare among hardy plants.

Whirlwind. Semi-double pure white, very fine. Prices, all varieties, nice plants, \$1.00 per dozen; \$7.50 per 100; large, heavy field plants, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

ANTHEMIS Tinctoria (M). June to September. Golden yellow. 10 cents each; \$1.00 per dozen; larger size, 25 cents.

AQUILEGIAS (Columbines) (M) May, June. They are extremely beautiful and should be a feature in every garden. **Californica Hybrida**. All shades of color, fine mixtures.

Chrysanthus. Yellow, long spurs.

Coerulea. Dark blue; an excellent variety.

Acorus Calamus Variegata (Sweet Flag). Hardy variegated foliage plant of Japanese origin, and forming compact, grass-like tufts. Leaves sword-shaped, resembling Iris, and striped green and white. One of the finest variegated plants in cultivation. \$1.00 per dozen; \$6.00 per 100; larger size, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

ARABIS Alpina (D). Edging and rock gardens; white flowers.

ARALIA Cordata (M). Strikingly handsome foliage for effect. 35 cents; larger, 50 cents.

Erulis (M). A splendid plant for foliage effect. 35 cents; larger, 50 cents.

ARUNDO Donax. See Hardy Grasses.

ASCLEPIA Tuberosa (M). July to September. Orange colored flowers.

ARMERIA Formosa Hybrida (D). July, August. Bright pink.

Aster Tartarica We consider this an exceptionally fine Aster for the hardy border, owing to its lateness to bloom. It has beautiful green foliage all summer, and in fall the plants are a mass of bright purple flowers, which are produced on long stems, and are fine for cutting. \$1.00 per dozen; \$6.00 per 100; large clumps, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

ASTER Gloire de Nancy. Large pure white.

Novea Augula Rubra. Color, deep bluish-violet flowers.

Robert Parker. Lavender blue.

Baptisia Australis These plants have handsome, dark green, fern-like foliage; perfectly hardy, and excellent for the hardy border or wild garden. The flowers are pea-shaped, and bright blue. The Baptisia withstands droughts exceedingly well. Large plants, 25 cents each; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

Boltonia Latisquama Nana These are among the showiest of hardy plants, with their many single, aster-like flowers, which are of pink color, slightly tinged with lavender. The plants are in bloom from July to October, and produce a fine effect. \$1.00 per dozen; \$6.00 per 100; large plants, 20 cents; \$2.00 per dozen; \$12.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

BOLTONIA Asteroides (T). September, October. Pure white.

Latisquama (T). September, October. Pink, slightly touched with lavender.

BOCCONIA Cordata (T). June, July. Creamy white flowers, very numerous, which have a distinct and pleasing appearance.

Prices All varieties on this page, except where noted, 15 cents, \$1.50 per dozen, \$10.00 per 100; larger plants, 25 cents, \$2.50 per dozen, \$15.00 per 100; heavy clumps, 50 cents, \$5.00 per dozen.

Anemones.

Boltonia Latisquama Nana

Old Fashioned Hardy Chrysanthemums. White, Pink and Yellow.

Chrysanthemums (Hardy). (M). Many are the lovely flowers that give a succession of beauty throughout the summer days, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. The flowers of these, which are in the greatest profusion, will endure the early frost and early snow-storms and delight us with a show of blooms on such sunny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowning glory. We now have many new and improved varieties which will make a grand show either planted in clumps in the hardy flower bed or in groups among shrubbery. They are of the easiest culture and will grow in almost any soil. An occasional watering with liquid manure will be beneficial, giving more and better bloom. The hardy Chrysanthemum is especially recommended to inexperienced cultivators, for no class of flowers is easier to manage. Their blooming period is from September to November. Height 18 to 36 inches.

CHRYSANTHEMUM, Amber Queen. Semi-double, soft amber with deeper.
Climax. Deep rose pink.
Eagle de Or. Medium yellow.
Globe de Or. A fine clear yellow.
Goldfinch. Golden yellow, striped red.
Julia Lagravera. Rich maroon, fine.
Nelly Bly. Light lilac pink.
Orange Beauty. Semi-double, light pink, yellow center.
President. Rich, reddish violet.
Rhoda. White, shaded red.
Old Fashioned Varieties. White, pink, yellow.

Coreopsis *Lanceolata Grandiflora* (D). June, July. One of the most popular hardy plants. The flowers are a rich golden-yellow, and invaluable for cutting; the main crop comes during the latter part of June, but it continues in bloom the entire summer and autumn.

DICTAMNUS. *Fraxinella* (M). June, July. Curious red flowers. 25 cents.

Digitalis (Foxglove) (M). July. These are among the most satisfactory of the early summer-flowering hardy perennials, succeeding under almost all conditions, and with but trifling attention will give a wealth of flowers; used extensively and with very good effect for naturalizing in shrubberies and other semi-shady situations.

Wagner's Shasta Daisies These are universally popular for outdoor planting, and considering their many good qualities there is no cause for surprise to see them planted so extensively. The flowers are of the purest, glistening white, of enormous size, and produced on long, stiff, wiry stems, which make them excellent for cutting purposes. \$1.50 per dozen; \$10.00 per 100; large plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Delphiniums (Hardy Larkspur). These are deservedly one of the most popular subjects in the hardy border. If one were asked to choose the one flower most characteristic of the English garden, one would not hesitate very long in saying the stately and beautiful Larkspur. It is one of the loveliest flowers in existence, growing on tall, straight spikes that over-top the rest of the garden and nod gently as the wind sways them. The flowers with their curious throat markings remind one of the little blue humming birds, as they flutter above the mat of beautiful dark green leaves that contrast so splendidly with them. Of easiest culture, being hardy and preferring sunny, well-drained places. The spikes are superb for cutting purposes, and if cut to within a few inches of the ground immediately after blooming, another bloom may be obtained at the end of the summer.

Tall English. This collection includes practically all shades of blue. We offer assorted colors, \$1.50 per dozen; \$10.00 per 100; larger plants, 25 cents; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

ERYNGIUM. *Planum* (M). July, September. Light steel blue flowers.

Funkia The Funkia is one of the easiest plants to grow. Their broad, massive foliage makes them attractive subjects for the hardy border, even when not in flower, and they deserve extensive cultivation. Very desirable for shady locations. \$1.00 per dozen; \$6.00 per 100; large plants, 20 cents; \$2.00 per dozen; extra heavy clumps, 50 cents; \$5.00 per doz.

FUNKIA *Cordata.* Waxy white flowers. 25 cents; clumps, 50 cents.
Ovata. Blue flowers. 25 cents; clumps, 50 cents.

Ovata Marginata. Light blue flowers. 25 cents.

Undulata Media Variegata. Striped foliage, purple flowers. 25 cents; clumps, 50 cents.

GALLARDIA. *Compacta* (D). June to October. Compact growing variety of the above.

Grandiflora (D). June to October. The petals are variously marked with rings of brilliant scarlet crimson, orange and vermillion.

HARDY FERNS. Excellent for planting in shady places or for rockery.

Broadleaf. Finely dissected fronds.
Evergreen. Deep green fronds.
Maidenhair. One of the finest.
Sword. One of the tallest.

Helenium A fine, hardy perennial coming into flower early in June and continues throughout July. Flowers are pure orange-yellow, very large and fine. \$1.50 per dozen; \$10.00 per 100; large plants, 25 cents; \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Hoopesi A fine, hardy perennial coming into flower early in June and continues throughout July. Flowers are pure orange-yellow, very large and fine. \$1.50 per dozen; \$10.00 per 100; large plants, 25 cents; \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Wagner Shasta Daisies Always Bloom.

Helianthus These are among the most effective hardy plants for planting in the background of large borders or for planting among shrubbery, or as clumps on the lawn. They are remarkably free flowering and will succeed in any soil, and are invaluable for decorative purposes or as cut flowers during the summer.

HELIANTHUS. Bouquet de Or (T). July, Aug. One of the most useful perennial plants in cultivation; large, double, Dahlia-like, golden yellow flowers in great profusion.

Mollis (T). August, September. Single lemon-yellow flowers.

Maximilliana (T). September to November. A most graceful single flowered variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until heavy frosts. \$1.00 per dozen; \$5.00 per 100; extra heavy clumps, 25 cents; \$2.50 per dozen.

Rugidus (T). July to October. One of the most remarkable of varieties, flowers single, golden yellow, with dark centers. \$1.00 per dozen; \$5.00 per 100; extra heavy clumps, 25 cents; \$2.50 per dozen.

HEUCHERA Sanguinea (D). July, August. Flowers bright crimson.

Hardy Ornamental Grasses and Reeds

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliancy to the landscape. The clumps enlarge in size yearly, each season's growth dying to the ground every winter, but is supplanted by newer, denser and more vigorous increase. In the fall the grass may be cut and utilized for the winter protection of tender plants and Roses. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. All our plants are propagated from the root, and hence more valuable than seedlings, which do not come true.

EULALIA Japonica Variegata. A standard old sort of distinctive value. Blades are striped lengthwise in a handsome manner, being a combination of creamy white in the center with a broad margin of bright green. Plumes are very beautiful.

Gracillima. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful, narrow foliage is beautiful, shining green with midrib of silvery white. We strongly recommend this superb ornamental plant.

Japonica. One of the most beautiful of the tall-growing grasses.

Japonica Zebrina. This fine ornamental grass is the finest of all

Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white, as shown in engraving. This artist has failed to do justice to this splendid variety in portraying the number of plumes. We had on our trial grounds as late as November 1, thousands of Japonica Zebrina with 50 to 100 plumes on single clumps. 25 cents.

ARUNDO Donax. (Great Reed). A magnificent variety growing to a height of 15 feet; for a background to a bed of herbaceous plants, or Eulalias, it is without an equal. Large plants, 25 cents; extra large, 50 cents; clumps, \$1.00.

Donax Variegata. A beautiful variety growing to a height of 1 to 8 feet. The leaves are of a glossy green and white always predominating; for planting masses in a conspicuous place or for adding color to a bed of ornamental grasses it is indispensable, and no collection of hardy grasses ought to be without it. Large plants, 35 cents; extra large, 50 cents; clumps, \$1.00.

PHALARIS. Arundinacea Variegata. (Ribbon Grass). An excellent variegated foliage variety, very desirable for bordering large beds of other ornamental grasses. \$1.00 per dozen; \$5.00 per 100; extra large clumps, 25 cents; \$2.50 per dozen.

Hibiscus (Mallow) (T). August, September. We wish to call attention to this extremely showy plant. It thrives in any kind of soil or situation. Flowers often measure 6 to 8 inches across; absolutely hardy.

HIBISCUS Crimson Eye. Pure white, crimson center, immense size.

Militaris. Delicate flesh pink flowers.

Moscheutos. Bright rosy red with darker eye.

Wagner's Red Mallows. Beautiful bright shades of red. These are a sight to behold. Strong roots sure to bloom the first season. 50 cents each; extra heavy, three-year-old clumps, \$1.50 each. See illustration on inside rear cover page.

HELIOPSIS Pitcherianus (M). June to October. Flowers are deep golden yellow.

HOLLYHOCKS (T). These stately hardy plants should have a place in every garden, whether interspersed with shrubbery, as clumps on the lawn or in the mixed border, their colossal spikes of bloom produce bold and showy effects, which cannot be secured with any other hardy plant.

Single Varieties. Mixed. \$1.00 per dozen.

Allegheny. Color ranges from delicate pink to ruby red.

Pink Beauty. Very fine double variety of a beautiful flesh pink. 25 cents; large size, 50 cents.

IBERIS Gibraltarica. April to June. White flowers, very fine for edging.

Prices All varieties on this page, except where noted, 15 cents, \$1.50 per dozen, \$10.00 per 100; larger plants, 25 cents, \$2.50 per dozen, \$15.00 per 100; extra large clumps, 50 cents, \$5.00 per dozen, \$35.00 per 100.

Eulalias Produce a Grand Effect.

English Delphinium.

A Very Showy Planting of Day Lilies—Hemerocallis.

HARDY PERENNIALS—Continued.

Hemerocallis (Day Lilies). The hardiest and most delightful of all herbaceous perennial plants.

Hemerocallis has grass-like foliage and their flowers resemble in shape the universally known Easter Lily. There are double and single varieties and the double varieties are becoming as popular as the single continues to be. They flower very freely, coming into bloom the first season after planted. They are practically insect proof as they are seldom ever attacked by them. This alone is a good point in their favor, and being perfectly hardy in all localities they easily rank among most popular plants for the hardy flower garden.

HEMEROCALLIS Apricot (D). A splendid new hybrid variety of good growth. Flowers are a rich apricot shade, a color seldom seen among plants. \$1.50 per dozen; \$10.00 per 100; larger plants, \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Disticha fl. pl. (M). Broad foliage of good height. A late blooming variety. Flowers are double orange yellow shaded copper. \$1.50 per dozen; \$10.00 per 100; larger plants, \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Dumortieri (Japanese Day Lily) (D). A dwarf growing variety and of the earliest to bloom. Flowers a rich candidum yellow, reverse of petals bronze orange. \$1.00 per dozen, \$8.00 per 100; larger plants, \$2.00 per dozen, \$12.50 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Flava (Lemon Lily). (10). Gracefully arching leaves and fragrant, clear yellow flowers on long stems. \$2.00 per dozen; larger plants, 50 cents; \$5.00 per dozen.

Fulva (European Day Lily) (M). A variety of the easiest culture. Flowers bronzy orange color. 75 cents per dozen; \$5.00 per 100; larger plants, \$1.50 per dozen; \$10.00 per 100; extra heavy clumps, 25 cents; \$2.50 per dozen.

Gold Dust (D). Flowers bright Indian-yellow, buds and reverse of petals bronzy-gold. \$2.00 per dozen; \$12.50 per 100; larger plants, 50 cents; \$5.00 per dozen.

Kwanso (D). Double orange yellow flowers, shaded crimson, a striking color. See rear outside cover for price.

Luteola (M). A magnificent new hybrid combining the floriferous characteristics of Thunbergii. The long-tubed half-reflexed bright golden yellow flowers are borne on tall, branching stems, each flower very large and are produced continuously throughout the summer. \$2.00 per dozen; \$12.50 per 100; larger plants, 50 cents; \$5.00 per dozen.

Middendorfi (M). This variety is a native of Siberia and Japan. The blossoms are golden yellow and are fragrant. \$1.25 per dozen; \$8.00 per 100; larger plants, \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents; \$5.00 per dozen.

Thunbergii (D). A very sweet-scented variety. Lemon yellow flowers almost everblooming.

LIATRIS Spicata (T). July to September. Deep purple flowers.

LILY OF THE VALEY. (Convallaria). (D). May. White flowers. \$1.00 per dozen. Large clumps, 25 cents.

LYCHNIS Chalcedonica (M). June, July. Bright crimson clusters of flowers. Excellent for cutting.

Splendens (M). June. Scarlet.

Monarda Didyma Very showy plants growing from 2 to 2½ feet high, with aromatic foliage and producing bright scarlet flowers during June and July. They succeed in most any kind of soil. \$1.00 per dozen; \$8.00 per 100; large plants, 20 cents; \$2.00 per dozen; \$12.50 per 100. Extra heavy clumps, 50 cents; \$5.00 per dozen.

ONOTHERA Youngei. (Evening Primrose) (D). June to September. Large single pale yellow flowers.

Lilium We confine our list to such as are of easy culture, and give the best results with the least care. It is in the hardy border, or among shrubbery, that Lilies do best, as they get the benefit of the shade of the surrounding plants which is so necessary for their welfare.

Elegans. This class includes some of the most beautiful Lilies; flowers erect, borne in clusters; color bright flushed orange; fine for planting in masses. \$1.50 per dozen; \$10.00 per 100.

Tigrinum. (Tiger Lily). Orange, spotted black. 75 cents per dozen; \$4.00 per 100.

Tigrinum Splendens. (Improved Tiger Lily). Black polished stem, very large pyramid of flowers, orange-red, spotted with black. \$1.50 per dozen; \$10.00 per 100.

Tigrinum Flore Plena. (Double Tiger Lily). Orange-red spotted with black; double showy flowers. \$1.50 per dozen; \$10.00 per 100.

Price All varieties on this page, except where noted, 15 cents, \$1.50 per dozen, \$10.00 per 100. Larger plants, 25 cents, \$2.50 per dozen, \$15.00 per 100. Extra large clumps, 50 cents, \$5.00 per dozen.

Lilium Elegans.

Iris Germanica—German Iris

The beauty of the Iris is proverbial; the very name refers us to the rainbow and the eye, two of nature's most beautiful objects. Irises flourish and flower exceedingly in any ordinary soil; however, they delight in well-rotted manure and deep, rich soil. Many are very thirsty subjects and adorn the margins of ponds and streams. They are also indispensable for shrubby borders, etc., and are very effective. They are invaluable in the herbaceous borders both on account of their hardiness and easy culture, and for the lavish wealth of blossoms that crown their numerous stems. This group includes all the broad-leaved Iris. For the wild garden, shrubby borders, margins of water, rock-work, etc., they are admirably adapted; in fact, hardly any place can be found in which some of this section will not thrive. They are the most resplendent flowers for Decoration Day, fully equal if not superior to anything else. Their beauty and fragrance have won a place in many gardens and will be planted more extensively in the future. We have retained only the best and most distinct, including new and very fine varieties, which we now offer with the greatest assurance that they will give satisfaction. The following are good, strong plants, true to name, and can be highly recommended. Height 15 to 24 inches. Blooming period, May and June.

SPECIAL NOTE.—Those varieties underlined have been grown in immense quantities that we may offer them to all who desire to make heavy plantings of Iris. These Irises come into bloom just at Decoration Day time when everyone is looking for flowers. They are very desirable for cutting.

Atropurpurea Deep purple, large and fine. \$50.00 per 1000; for dozen and 100 price see below.

Alvelrea. (M) Upright petals light blue, falls brilliant purple 25 cents; \$2.50 per dozen.

Aurea. (M) Solid chrome yellow, no markings.

Bridesmaid. (M) A soft lavender, F. penciled carmine.

Candicans. Light lavender; falls reddish purple. 25 cents; \$2.50 per dozen.

Calypso. Pale blue, veined white and pale lilac.

Compte de St. Clair. Deep violet. A fine variety.

Celeste. (M) Pure celestial blue, changing to porcelain.

Donna Marie. (M) Center petals pearly white outside, petals shaded lilac. 25 cents; \$2.50 per dozen.

Fragrans. Stands white edged blue, falls white blue veined. 25 cents; \$2.50 per dozen.

Flavescens. Light primrose yellow, very large, fine flower and remarkably free blooming

Gladstone. Erect petals violet, drooping petals violet and white striped.

Gracchus. Erect petals lemon; drooping petals pale yellow reticulated purple; dwarf compact growing; remarkably fine flowering.

Harlequin (M) An Orchid-like flower, stands pearly white with purple spots, falls heavily striped with deep purple. \$1.00 each.

Her Majesty. (T) Pinkish violet and deep reddish violet with dark veining. 35 cents each.

Honorabilis Stands golden yellow, falls crimson brown. \$45.00 per 1000; for dozen and 100 price see below.

Innocenza. Stands pure white, falls tinged violet.

John Dewitt. (M) Stands bluish violet, falls deep violet purple. 25 cents; \$2.50 per dozen.

L'Innocence. White edged blue. 25 cents; \$2.50 per dozen.

Mad. Chereau Pure white, edges penciled with lavender. \$50.00 per 1000; for dozen and 100 price see below.

Mme. Almira. A fine new sort. Handsome silvery white with blue sheen.

Mrs. Darwin. (M) Very fine large pearly white, free flowering. 25 cents; \$2.50 per dozen.

Neclecta (T) Upright fine, deep lavender, falls purple, large flowers, very fine. 25 cents; \$2.50 per dozen; \$15.00 per 100. Heavy clumps, 50 cents; \$5.00 per dozen.

Pearl. Stands light lavender, falls deep lavender. 25 cents; \$2.50 per dozen.

Queen of the Gypsies. Stands light brown, falls reddish purple and gold.

Souvenir. (M) Uprights brilliant yellow, falls freely veined net work of yellow, buff and maroon. 25 cents; \$2.50 per dozen.

Spectabilis Stands pale lavender, falls blue and old gold. \$40 per 1000; for doz. and 100 price see below.

Virgils A light brownish blue, lower petals purple and gold. \$40.00 per 1000; for dozen and 100 price see below.

Walneri Lilac center, lower petals purple, \$45.00 per 1000; for dozen and 100 price see below.

William III. Stands light blue with darker veins, falls buff yellow, light blue veins.

PRICES.—All above varieties, except where noted. 10 cents; \$1.00 per dozen; \$6.00 per 100. Larger size, 20 cents; \$2.00 per dozen; \$12.00 per 100. Large heavy clumps, 50 cents; \$5.00 per dozen; \$35.00 per 100. 250 Iris roots at 1000 rate.

An Attractive Grouping of German Iris

Iris Kaempferi—Japanese Iris

Individual Blossoms of Japanese Iris Resemble Orchids

With a great blaze of splendor the Japanese Iris brings the Iris season to a close. The last to bloom, it is a glorious climax to the grand Iris procession that began early with dwarf forms of April and May, following each other with constantly increasing boldness of form and color until June ushered in the great Germanica family (listed on page 7) with its massive sheets of color, followed in quick succession by tall Iris Kaempferi, crowning glory of all, with its great bloom measuring nearly a foot in diameter, rising on tall stems to a height of five feet. Seeing them for the first time, one can not withhold an exclamation of surprise and wonder, and having once seen them can never forget their striking beauty. The varieties we offer are all distinct kinds, true to descriptions given. We have numbered our collections so that customers may order by number.

No. 2. Flowers double white; exceedingly beautiful.

No. 5. Large single purple, white wax-like center.

No. 6. Immense double purple, marked with white and lavender; wax-like center.

No. 7. A very early single variety; white blotched with carmine. 25c; \$2.50 per dozen.
No. 8. Very fine double of the deepest purple.
No. 21. Double, delicate light blue flowers; a grand variety.
Fine Mixed. All colors, choice stock. \$1.25 per dozen; \$6.00 per 100; \$50.00 per 1,000
 Large clumps, \$3.50 per dozen; \$25.00 per 100.

PRICES—All above varieties of Japan Iris, except where noted, 15 cents; \$1.50 per dozen; \$10.00 per 100. Larger size, 25 cents; \$2.50 per dozen, \$15.00 per 100. Large, heavy clumps, 50 cents; \$5.00 per dozen; \$35.00 per 100.

Miscellaneous Irises

There is a peculiar charm about the various Iris that appeals irresistibly to those whose taste for the refined and delicately beautiful leads them to seek a close acquaintance with it. The rare beauty of its soft coloring, and its frail, orchid-like formation, is likely to pass unnoticed by the careless observer, but to him who stops to gaze into the depths of the Iris flower and comes under its magic spell, a new world is opened, for an Iris garden is a floral world by itself.

Pallida Albert Victor (T.) Very large, late, deep, lavender, extra fine. 25 cents each; \$2.50 per dozen.

Pallida Dalmatica (T.) One of the finest of the Germanica type, of strong, vigorous habit, growing on good soil, 4 feet high with exceptionally large fragrant flowers, light lavender, falls lavender shaded blue; exquisite in every way; fine for massing. 25 cents each; per dozen, \$1.50; heavy clumps, 50 cents each; \$5.00 per dozen.

Iris Pallida Queen of May. Erect petals orange, falls rosy lilac, veined yellow. 25 cents; \$2.50 per dozen. Large clumps, \$5.00 per dozen.

Iris Pallida Speciosa. Stands dark lavender, falls light purple. 25 cents; \$2.50 per dozen.

Iris Pumila. Rich royal purple, fine and showy. Earliest and dwarfest of all Iris. \$1.25 per dozen; \$8.00 per 100. Large clumps, \$2.50 per dozen.

Iris Florentina White tinged blue; sweet scented. \$1.50 per dozen; \$10.00 per 100. Large clumps, \$2.50 per dozen.

Iris Siberica Blue (See cut). Narrow foliage, tall, erect stems and deep blue flowers. Sweet scented. Very desirable for cutting. 15 cents each; \$1.50 per dozen; \$8.00 per 100. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Iris Orientalis "Snow Queen." Large ivory-white flowers on long stems. Nice thrifty plants, 20 cents each; \$2.00 per dozen; \$13.00 per 100.

Pseudacorus (Water Flag). Stands and falls clear yellow; flat bloom, fine long foliage. 15 cts. each; \$1.50 per doz.; \$10.00 per 100. Larger size, 25 cts. each; \$2.50 per doz.

The Unusually Long Stems of the Iris Siberica Make Them Excellent Cut Flowers

Perennial Phlox

It is no exaggeration to say that the Perennial Phlox are among the best and most popular garden plants. For producing a grand show of color they have no equal; they produce a fine effect when grouped with other plants in the hardy border, furnishing brightness after the shrubs are done blooming, and they do much to make the garden gay throughout the season.

The old-fashioned Phlox often had simply small tufts of bloom at the top of a small, almost naked stem. The newer and improved varieties are more compact and do not grow quite so tall. The panicles of bloom are simply immense, often measuring 12 inches in diameter. The blossoms are as large as geraniums.

Another good quality is its long continuance in bloom. It begins to blossom in early summer and continues until late in the fall; sometimes showing a mass of bloom for three months.

Phlox thrives in any ordinarily rich soil, and are not subject to any insect pest. When they are in bloom they should be given a plentiful supply of water. They like sunshine, and a full exposure is desirable for them.

The perfect hardiness is another strong feature in its favor. We have never known of its being winter killed in any section of the country. Like all perennials, a mulching of good stable manure after the ground is frozen is beneficial to it; this can be carefully dug in around the plants in the spring.

The plant increases in size every year, and a well-grown clump will send up a large number of stalks until you have a solid mass of color. Plants set in good soil, with proper care, will bloom the first year, but they will not do themselves justice until the second year.

Standard Named Varieties

Bridesmaid. (M). Pure white with large crimson center.
Cameron. (D). Large, perfect flowers; flesh pink with large compact flower heads. Crimson eye.
Champs Elysee. (M). Rich, deep purplish crimson.
Coquelicot. (M). Fine flowering, deep crimson-eye.
Eclairer. (D). Bright violet purple, light markings almost white at base of petals; carmine eye.
Etna. (M). Bright scarlet with crimson eye.
Isabell Dupuy. (M). Pink, red center. One of the best.
J. T. Temple. (D). Deep pink, very fine.
Jean Liand. (M). Color rosy pink with bright crimson star in center.
Jeanne D'Arc. (M). Absolutely snow white, medium sized flowers and truss. Late flowering.
Matador. (M). Orange scarlet, bright cherry eye.
Miss Linguard. (M). A grand early white, Lilac eye.
Montaguard. (M). Deep crimson, very showy.
Peachblow. (D). Delicate pink, white markings, deep rose eye.
Pink Beauty. (M). A very fine pale pink, enormous size.
The Pearl. (M). A good white variety. Early flowering.

PHLOX, MIXED COLORS. There is no perennial more worthy of cultivation and more satisfactory in every way than Phlox. They may be grouped in the hardy border or planted in solid beds by themselves. We here offer mixed colors within the reach of all. \$1.00 per dozen; \$6.00 per 100. Large, heavy clumps, \$2.00 per dozen; \$12.00 per 100. Extra heavy, 30 cents each; \$3.00 per dozen.

Phlox Subulata

(Moss, or Mountain Pink).

An early spring-flowering type, with pretty moss-like evergreen foliage, which, during the flowering season, is hidden under the masses of bloom. An excellent plant for the rockery, the border, and invaluable for carpeting the ground or covering graves.

Rosea. A very free flowering variety. Color bright rose, with darker center. When in bloom is a solid mass of color. \$1.00 per dozen; \$6.00 per 100. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Alba. A fine pure white variety. \$1.00 per dozen; \$6.00 per 100. Heavy clumps, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Phlox, A Most Striking Flower.

Wagner's New Phlox Novelties

These grand new Phlox are of our own introduction and are the result of many thousands of seedlings. Everyone a beauty and we consider them a great acquisition to this family of hardy plants. Do not fail to try them.

American Beauty. (M). Very pleasing rose shade with dark center. 30 cents; \$3.00 per dozen. Clumps, 60 cents.

Amethyst. (M). Violet rose. Late flowering which makes it valuable. 30 cents; \$3.00 per dozen; clumps, 50 cents.

Aurora. (M). Light pink with crimson center. 30 cents; \$3.00 per dozen; clumps, 50 cents.

Col. Kilborn. (M). Purplish rose; velvety maroon center. 40 cents; \$4.00 per dozen; clumps, 75 cents.

Liberty. (M). Immense clusters of fine bright rose, with carmine center, distinct from any other variety. 30 cents; \$3.00 per dozen; clumps, 50 cents.

Mrs. Freshard. (M). Deep rose pink, suffused red and carmine, purple center. 40 cents; \$4.00 per dozen; clumps, 75 cents.

Wagner Park Everblooming. This beautiful pink, one of the earliest to flower and if the old flowers are kept cut off, it will bloom more or less the entire season. A grand novelty. 25 cents; \$2.50 per dozen; heavy clumps, 50 cents.

President Wilson. (M). A beautiful rosy pink, with crimson center. 35 cents; \$3.50 per dozen. Large size, 75 cents; \$8.00 per dozen.

Wagner's Special Phlox Offer No. 50

This collection consists of a choice lot of seedlings selected for their superior quality, color and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, reds and other beautiful shades. \$2.00 per dozen; \$10.00 per 100. Heavy plants, 35 cents; \$3.50 per dozen; \$20.00 per 100. Extra clumps, 50 cents; \$5.00 per dozen.

Prices All varieties on this page except where noted, 15 cents; \$1.50 per dozen; \$10.00 per 100. Larger plants, 25 cents; \$2.50 per dozen; \$15.00 per 100. Extra large clumps, 50 cents; \$5.00 per dozen; \$35.00 per 100.

Wagner Park Peonies, The Flower Beautiful

A Beautiful Silvery Pink, "First Prize Pink"

Our First Prize Varieties

These varieties we consider the best.

First Prize Pink. A beautiful pink, the tips shading to a silver shade; almost identical to a La France rose. The blossoms are extra large with long stems and well adapted for cutting. 30 cents each; \$3.00 per dozen.

First Prize Red. In color this variety resembles the American Beauty rose, but surpasses it on account of its larger size and profusion of blossoms. 35 cents each; \$3.50 per dozen.

First Prize White. A large pure white with a very few pink markings in the center. Fine for general cultivation. 50 cents each; \$5.00 per dozen.

One each of the three varieties, in nice large roots, \$1.00; in large size roots, \$2.00. Undivided clumps, \$5.00.

Other Choice Named Peonies

We do not aim to list all varieties, but only those of real merit and such that have proven satisfactory. Our complete list comprises over two hundred varieties.

American Beauty. Deep pink. 20 cents; \$2.00 per dozen; large heavy clumps, 50 cents.

Agida. Dark, rich red. 50 cents; \$5.00 per dozen; large, heavy clumps, \$1.00 each.

Achilles. Light flesh pink. 50 cents.

Berlioz. Color currant red. 75 cents each.

Compte de Manteuil. Deep rose petals tipped with white. 35 cents; \$3.50 per dozen; large heavy clumps, 75 cents.

Clarissa. Rosa pink. 20 cents; \$2.00 per dozen; \$10.00 per 100. Large heavy clumps, 60 cents; \$5.00 per dozen.

Compte de Paris. Rose color with salmon center. 20 cents; \$2.00 per dozen. Large, heavy clumps, 60 cents.

Dorton's Coros. Beautiful, bright pink. 20 cents; \$2.00 per dozen. Large, heavy clumps, 50 cents.

Duc de Gazes. Outer petals deep rose, center silvery rose. 35 cents; \$3.50 per dozen. Heavy clumps, 75 cents.

Duke of Wellington. Ivory white, creamy center, 35 cents; \$3.50 per dozen.

Dorchester. Delicate salmon flesh. \$1.00 each.

Festiva Maxima. Largest white variety. 75 cents; \$7.50 per dozen.

Festiva Alba. Pure white, fine form, 50 cents; \$5.00 per dozen.

Fragrans. Violet rose. 15 cents; \$1.50 per dozen; \$8.00 per 100. Large, heavy clumps, 50 cts.; \$5.00 per dozen.

Ivory. White with ivory tints. 20 cents; \$3.00 per dozen.

Wagner Park Herbaceous Peonies are the most beautiful of all the Hardy Perennial plants, and should be in every garden, large or small, in bed, borders, shrubberies or drives; in park, grass or woodland. They should, therefore, be planted near at hand for close enjoyment of their beauty, as well as in masses for distant color effect, in lines straight or curving on the margin of shrubberies, and in groups between shrubs; in large or small beds in the midst of turf; in borders at the foot of walls; and in mixed borders at constant intervals; and the rougher parts of the garden. All these situations they adorn. There is no other plant that will make such a magnificent display of color, or gives so much satisfaction in return for the trouble involved in its cultivation.

Whether in the old kinds or in Wagner's lovely new varieties they will thrive in practically any position, and there is hardly one which will not flourish to perfection. They are amenable to the simplest treatment in any soil and are as hardy as the dock by the wayside. They need not the slightest protection.

The flowers are produced in great profusion in an almost endless variety of lovely tints, and in many cases with the fragrance of the tea rose. They are of extreme beauty for decoration, and in large gardens a considerable space should be especially devoted to Wagner's Peonies for cut flowers for the house; in vases and bowls no flower is richer or more handsome, and for large functions the blossoms are invaluable.

The delightful perrume of some of the varieties, more particularly the choicer kinds, makes them very valuable. Another merit which the herbaceous Peony possesses lies in its beautiful foliage, which causes it to be almost as attractive in its young growth and autumn tints as when in flower.

Humei Rosea Enormous double flowers. 15 cents; \$1.50 per dozen; \$8.00 per 100. Heavy clumps, 50 cents.

L'Eblouissante. Rich, dark crimson. 75 cents.

L'Esperence Rose pink, early, fragrant. 50 cents; \$5.00 per dozen. Heavy clumps, \$1.00.

Lady Elboweer. Light pink. 35 cents; \$3.50 per dozen. Large, heavy clumps, 75 cents.

Lady Bramwell. Silvery rose. 50 cents; \$5.00 per dozen. Heavy clumps, \$1.00.

Md. Breson. Flesh color, whitish yellow center. 35 cents; \$3.50 per dozen. Large, heavy clumps, 75 cents.

Model of Perfection. Fragrant, clear flesh pink. 75 cents.

Marie Lemoine Delicate flesh. 50 cents; \$3.00 per dozen. Large, heavy clumps, \$1.00.

Prince of Wales Bright pink. 35 cents; \$3.50 per dozen.

Princess Beatrice. Large, clear pink. 50 cents.

Purpurea Superba. Large purplish crimson. 50 cents.

Queen Alexandria. Deep carmine. 25 cents; \$2.50 per dozen.

Rubra Superba. Rich brilliant crimson. \$1.00.

Rosea Elegans. Delicate rose. 35 cents; \$3.50 per dozen. Heavy clumps, 75 cents.

Whitleyi (Queen Victoria). Pure white. 35 cents; \$3.50 per dozen.

Rosea Plena Superba. Pink. 20 cents; \$2.00 per dozen; \$15.00 per 100. Large, heavy clumps, 50 cents; \$5.00 per dozen.

Japanese Varieties

Miles Standish. Shell pink, chrysanthemum center. 40 cents; \$4.00 per dozen. Heavy clumps, 90 cents.

Queen Esther. Blush white, Chrysanthemum center. 50 cents; \$5.00 per dozen. Large, heavy clumps, \$1.00.

Single Varieties

Tenufolia. Rich crimson. Finely cut foliage. 50 cents; \$5.00 per dozen.

Single Red. Very showy. 50 cents; \$5.00 per dozen.

Single Rose. 50 cents; \$5.00 per dozen.

Peony Moutan or Tree Peony

We list three most desirable colors: **White, Pink and Red.** Price, \$1.00 each. One of each color, \$2.75.

Hardy Garden Pinks

These are among the old favorites, easy to grow, once planted they are there to stay and continue to increase as the years go by. Every one who loves a flower loves the old-fashioned Pink, graceful habit, delicate colors and sweet clove scent all combined to make it a general favorite. The marked improvement in this plant during the last few years has been something wonderful; instead of small flowers we now have blooms that in size and color are nearly equal to the fancy greenhouse carnations. For edging a bed of hardy plants they are without a rival, but may be planted in masses with good effect. The varieties we list below we consider the best of their color:

HARDY GARDEN PINK Lord Lyon. Fine, showy, bright pink flowers on long stiff stems. Large clumps, 25 cents; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

Carmen. A strong grower producing fine pink flowers which are fragrant. Large clumps, 25 cents; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

PACHYSANDRA Terminalis (D). May, June. White flowers.

PENTSTEMON Barbatum Torreyi. June to September. Bright red flowers.

Ovatus (D). July to September. Flowers blue shaded bronzy-purple.

Pubescens (D). July, August. Bright rosy purple flowers.

PERIWINKLE. (Hardy Myrtle). For covering bare ground where grass will not grow it is indispensable. \$1.00 per dozen; large clumps, 25 cents.

POLYGONUM Compactum (T). Small white flowers.

Papaver Orientale

(Poppy). Nothing can equal these in gorgeous effect and whether planted singly or in masses, their large flowers of a rich, brilliant color and their freedom of bloom render them conspicuous in any position. Undoubtedly the most showy and effective plants grown. Our stock is carefully selected and you can be assured of having something very fine when purchasing from us. \$2.50 per dozen; \$12.00 per 100. Larger plants, 35 cents each; \$3.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

Physostegia Virginica

An unique and attractive American plant that stands apart from all other hardy plants. For massing or planting with appropriate varieties in the hardy border or with shrubs it is unrivaled. It is perfectly hardy and possesses a constitution equal to that of Golden Glow. Flowers are produced in large, graceful spikes and are a bright, soft pink. Begins to bloom about the first of July and if kept cut will flower more or less for about three months. Will succeed in most any kind of soil. \$1.25 per dozen; \$8.00 per 100; large plants, 25 cents each; \$2.50 per dozen; \$15.00 per 100; extra heavy clumps, 50 cents each; \$5.00 per dozen.

PYRETHRUM. Uliginosum. (Giant Daisy) (T). July to September. Large white Daisy-like flowers. Excellent for the hardy border and cutting. 10 cents; \$1.00 per dozen; clumps, 25 cents.

Hybridum (D). June to September. Color ranges from pure white and various shades of pink and red to deep purple, desirable for edging and cutting.

PRIMULA. Polyanthus (D). April, May. A wide range of colors. **Veris Superba** (D). Beautiful yellow flowers, very distinct. 35 cents; \$3.50 per dozen.

RHEUM. Emodi. (Ornamental Rhubarb). Majestic foliage. 25 cents; \$2.50 per dozen.

RUDBECKIAS. Hard to dispense with, owing to their long flowering period and easy culture.

Golden Glow (T). August, September. Double Dahlia-like flowers. \$1.00 per dozen; large size, 25 cents.

Laciniata (M). July to September. Single golden yellow flowers. \$1.00 per dozen; larger size, 25 cents.

Newmani (M). August to October. Yellow flowers with deep purple cones.

Rudbeckia Purpurea

An entirely distinct variety from all other perennials and thrives in any ordinary soil. They are so simple and easily cultivated that we recommend them to any one having a garden, whether large or small. The foliage being dense and of a good color makes them one of the choicest hardy perennials. The flowers are a peculiar formation as well as color, which is reddish purple with large cone-shaped center in brown. \$1.25 per dozen; \$8.00 per 100; large plants, 25 cents each; \$2.50 per dozen; extra heavy clumps, 50 cents; \$5.00 per dozen.

SPIRAEA Aruncus (M). Flowers white, 25 cents.

Flipendula. fl. pl. (D). Corymbs of double white flowers. 25 cents.

Japonica (M). June, July. Pure white flowers. 25 cents.

Queen Alexandria. (M). June, July. Silvery pink flowers. 25 cents.

Sedum, Equal to Boxwood as an Edging Plant

Sedum Spectabilis

A very desirable hardy perennial thriving in any good soil and produces most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom. \$1.00 per dozen, \$8.00 per 100. Large plants, 20 cents, \$2.00 per dozen; \$12 per 100; extra heavy clumps, 50 cts., \$5 per doz.

SOLIDAGO Sempervirens. (Golden Rod). (T). This is the most showy of all species. \$1 per doz.; clumps, 25c., \$2.50 per doz.

STOKESIA Cyanea (D). July to October. Lavender-blue blossoms.

TRADESCANTIA Virginiana (D). May to September. Numerous panicles of violet-blue flowers.

STATICE Latifolia (D). June to September. Flowers blue.

STENANTHIUM Robustum. Showy white plumes. 50 cents

Tritoma A most beautiful and exceedingly ornamental flowering plant, surpassing the finest Cannas and equal to Gladiolas as a cut flower; planted in the shrubby border with other herbaceous plants they give a superb effect; they prefer a light rich sandy soil.

TRITOMA. Pfitzerii (M). July to November. A rich orange-scarlet, producing a grand effect either planted singly in the border or in masses.

Hybrida Express (M). June to October. One of the very finest yet introduced. It is a continuous bloomer, producing perfect flowers which are of a brilliant orange-scarlet that does not vary in color at any time. A very early blooming variety.

Uvaria Grandiflora (M). July to October. Flowers dark red; a tall, strong grower and very free-flowering. This variety is the hardest in cultivation.

VALERIANA. (Garden Heliotrope). Pinkish-blue flowers.

VERONICA. Incana (D). August, October. Silvery foliage. amethyst-blue flowers.

VIOLET La France. Single flowers, light purple. 10 cents; \$1.00 per dozen; larger size, 25 cents.

Yucca Filamentosa (Adam's Needle). Yuccas are one of the most striking ornamental plants thriving on rocks, in sand, gravel or almost anywhere, sufficiently well to produce its picturesque sharp foliage. A good soil or heavy dressing is necessary to bring forth its stems, 6 to 7 feet high, with from 50 to 200 oval, creamy-yellow blossoms, 2 inches long. The foliage is evergreen, making it an attractive plant throughout the year. \$1.50 per dozen; larger size, 25 cents; \$2.50 per dozen; extra heavy, 50 cents; \$5.00 per dozen.

Prices All varieties on this page, except where noted, 15 cents, \$1.50 per dozen, \$10.00 per 100; large plants, 25 cents, \$2.50 per dozen, \$15.00 per 100; extra large clumps, 50 cents, \$5.00 per dozen.

A Wagner Planting of Shrubbery and Evergreens.

"When Lilacs late in the dooryard bloomed."—Walt Whitman.

Hardy Flowering Shrubs

Happily the charm of color is not wholly claimed by the gay gamut of flowers. The very fine collection of evergreen, deciduous and flowering shrubs at Wagner Park nurseries offer endless opportunity for producing beautiful effects practically the year 'round. A mass of common bushy Holly, (*Mahonia Aquifolia*) to select a very simple example, will put warmth and cheer into the grayest November day while the brilliance of tone and the handsome, glossy foliage of a Barberry hedge under December skies will make us forget "the joys of June." We should like to be able to devise for every nature-lover a "shrub-itinerary," so to say, with a special eye to exposure, climate, etc., we do this, indeed when clients consult us.

The Magnolia, whiter in blossom than the snowy narcissus and, with certain varieties, almost as daring in appearing "before the swallow dares"; the fern-like grace and elegance of all the Spireae, the delicate Forsythia, Deutzia, Diervilla (*Wiegela*) the odd Japonica with their oriental suggestion and interest, the old-timer Philadelphia or "Syringo"—sweetest, daintiest bush of the Puritan gardens,—the spring list is endless. That other distinguished member of the Syringa family, the Lilac, deserves, perhaps, a chapter all by itself. We are specialists in this flower of unfailing, evergrowing popularity. If you are a lilac-lover, if their mauve and fragrance have wrought their charm on you, the scores of rare varieties at Wagner Park would rouse your enthusiasm to a rare pitch.

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. And if there are any plants we could not part with they are the late-flowering shrubs—a fine list though not a long one—that usher in autumn and linger to make the American "fall" one of the most admired spectacles in nature. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition. As the height of plants is often no criterion of quality we give, in several instances, the diameter also for comparison and guide.

We bring particular training and experience to the matter of congenial combinations. In fact a Wagner shrub plantation is a real study in artistic values; knowledge and long experience playing an important role in the happy juxtaposition of greens, browns, silvers, golds,—the regard for picturesque outline, for simplicity of effect without monotony of sorts, for privacy without loss of views and "vistas." It is in ways like this that Wagner "plants and plans" are made to produce their delightful effects.

Specifically Evergreen Shrubs are treated under the chapter-head, "Evergreens," pages 23 to 28 and to which your attention is directed in connection with shrub and tree planting.

VARIETIES SUITABLE FOR SHADY PLACES. Altheas, Berberis, Caryopteris (Blue Spirea) Cornus, Cydonia, Deutzia, Forsythias, Hydrangeas, Kerrias, Philadelphia, Rhus, Sambucus, Spireas, Symphoricarpus (Snowberry), Syringas (Lilacs), Tam-arix and Viburnum. The above varieties will also thrive in sunny open situations.

VARIETIES WITH VARIEGATED, HIGHLY COLORED FOLIAGE, BARK AND BERRIES. The following with variegated and colored foliage: Berberis Purpurea, Corylus Atropurpurea, Kerria Variegata, Forsythia Aurea, Philadelphia Aurea, Sambucus Aurea, and Variegata, Spirea Opulifolia Aurea, Weigela Variegata. Among trees Prunus Pissardi and Japanese Maples. The following varieties having berries: Berberis, all varieties, Callicarpa, Cornus Siberica, Cydonia, Euonymus (Strawberry Tree), Eleagnus, Lonicera, Myrica, Rhus all varieties, Rhodotyphus, Ribes, Sambucus, Rosa Rugosa, Symphoricarpus (Snowberry Red and White), Viburnum (Snowball) Opulus, Lantana and Dilatatum. The following have highly colored bark: Cornus Siberica, Sanguinea and Stolonifera.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties, which branches should be cut off as soon as the live branches begin to sprout in the spring.

ABBREVIATIONS (Indicate Height When Matured).

(I) Indicates height from 1 to 3 feet. (II) Indicates height from 3 to 6 feet. (III) Indicates height from 6 to 12 feet.

SPECIAL NOTE—We wish to call attention to the very low prices we quote at the bottom of each page on shrubs, for regular, large and extra large sizes. Our lowest prices are for nice, thrifty two-year-old plants, but where best effects and quick results are wanted we always recommend the large or extra large sizes. Extra selected specimen plants vary in price according to size and variety, \$1.00 to \$5.00 each.

ALTHEA. (Hibiscus or Rose of Sharon.) (III).

Well known to all, these handsome, late, summer blooming shrubs are highly decorative and particularly effective, coming into bloom when few shrubs are in flower. When pruned in the early spring they make a steady growth and flower profusely the next fall. As a hedge plant, they are extremely valuable.

Boule de Feu. Double violet-red flowers.
Speciosa. Large rosy pink flowers.
Speciosus Ruber. Double, reddish violet.
Coelestis. Very fine single violet-blue flowers.
Totus Albus. Large, single, pure white flowers.
Roseus Plenus. Very fine, double dark rose flowers.

Albus Plenus. Good, double white flowers.
Duc de Brabant. Large rose-colored flowers.
Lady Stanley. Double bluish white flowers.
Jeanne d'Arc. Double, pure white; a superior variety.

Violacea Purpurea. Double purple flowers.
Montrosa. Very large white flowers.
Grandiflora Superbus. Semi-double, pinkish white.

Mixed Colors. 20 cents; \$2.00 per dozen; \$15.00 per 100. Extra large, 50 cents.

ALTHEA (Tree Form). Beautiful, showy ornamental shrubs in tree form. Very suitable for planting as specimens. Color, pink and white. \$1.00 each; extra large, \$1.50.

AMELANCHIER Canadensis. (June berry). (II). White flowers.

AMELANCHIER Botryapium. (III). Beautiful shrub-like tree producing racemes of pure white flowers.

AMORPHA Canescans. (I). A free flowering shrub, dense pinnate foliage, blue flowers in terminal panicles in June. Useful for shrubberies or rockeries. Prefers a sunny and well-drained position.

Fragrans. (I). A large, spreading bush with pinnate leaves and slender spikes of deep purple flowers, which bloom in June after most spring flowering shrubs are over.

AMYGDALUS (Almond). (II). Pink flowers. 35 cents; larger, 50 cents.

White Flowering. (II). Very fine white flowers. 40 cents; larger, 60 cents.

Althea Hedge and Flowers.

Altheas—Highly decorative and particularly effective, owing to their late summer bloom.

ARONIA Floribundi. (II). White flowers. 35 cents.

ARTEMISIA, Arboratum. (III). Creamy-white flowers.

ARALIA Pentaphylla. (III). Upright arching shrub with glossy waxy foliage. Excellent for the shrubbery border.

SPINOSA. See Trees.

AZALEA. Evergreen kinds See Evergreen Shrubs.

AZALEA Mollis. (Seedling). (I). Various shades of red, yellow and orange. Flowers resemble those of Rhododendrons, 75 cents. Larger, \$1.00 each.

Yodogawa. Fine new sort from Japan. Semi-double lavender flower. \$1.50; larger, \$2.00.

BACCHARIS, Halimifolia. (III). September. Fluffy clusters of seed vessels which last until after frost.

BARBERRY. See Berberis.

BLUE SPIREA. See Caryopteris.

BUDDLEIA, Veribillis. (II). September. Flowers lilac color. Very desirable owing to its lateness in flowering. 50 cents.

BERBERIS Purpurea. (III). May. Foliage dark purple. Young growths in summer crimson. Golden yellow flowers followed with bright crimson berries.

Thunbergii. (I). May. In autumn it is aglow with scarlet leaves and berries.

Vulgaris. (III). May. Yellow flowers in terminal drooping racemes followed with orange-scarlet fruit.

Dulcis. (I). Dwarf shrub of graceful habit. Yellow flowers, black berries.

BERBERIS Illicifolia. See Evergreen Shrubs.

BLUE SPIREA. See Caryopteris.

Cornus Siberica—Highly colored deep crimson bark variety.

Prices All varieties except where noted on this page, are 25c, \$2.50 per dozen, \$18.00 per 100. Large size, 35c, \$3.50 per dozen, \$25.00 per 100. Extra large size, 50c, \$5.00 per dozen, \$35.00 per 100.

HARDY FLOWERING SHRUBS—Continued.

CALYCANTHUS Floridus. (II). Double chocolate-colored flowers.

CARAGANA ARBORESCENS. (III). It is thickly hung with canary-yellow, pea-shaped blossoms in late spring.

CARYOPTERIS. Mastacanthus. (Blue Spirea). (I). September. Blue Verbena-like flowers.

CEANOTHUS. Americanus. (I). June. White flowers.

CEPHALANTHUS Occidentalis. (III). July. Curious balls of blossoms.

CALLICARPA. Purpurea. Flowers pink, fruit violet-purple.

CALIFORNIA PRIVET. See Ligustrum or Hedge Plants.

CHAMAECERASUS. See Lonicera.

CHIONANTHUS. Virginica See Rhus.

CLERODENDRON. Trivichotomum. (III). September. White, fragrant flowers.

CORYLUS. (Filbert). **Atropurpurea.** (II). Large dark purple leaves, hold their color throughout summer. 50 cents.

COLUTEA. Arborescens. (III). June to September. Yellow, pea-shaped flowers, tinged reddish brown.

CORCHORUS. See Kerria.

CORNUS (Dogwood). The name, Dogwood, first brings to mind the White Dogwood (*Cornus Florida*), with its large, butterfly-like blossoms in May, which is described under Trees. The species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.

Siberica. (III). This has deep crimson bark and it should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundant clusters of small white blossoms are borne in early summer, followed by white fruit.

Sanguinea. (III). Dark red bark and long, yellow flower clusters.

Alternifolia. (III). Fragrant creamy-white flowers. 25 cents.

Stolonifera. (III). Valued for its colored bark. Small white flowers, 25 cents.

CORONILLA Emerus. (II). Yellow flowers, tipped red. 25 cents.

CRATAEGUS. See trees.

**Eleagnus
Angustifolia.**

CYDONIA Japonica (Pyrus). Fire bush (4 to 5 ft.). One of the early spring-flowering shrubs, the fiery crimson blossoms creating a grand display. Valuable for hedging.

Sargentii. (I). Profuse flowering dwarf shrub. Flowers orange-scarlet, followed by fruit. 50c; \$5.00 per dozen.

Maulai. (I). Bright orange scarlet. 50 cents.

Umblicata. (II). May. Single rose, red flowers. 50 cents.

CYTISUS Laburnum. (Golden Chain). (III). Very large growing shrub. Yellow flowers

DEUTZIA. For making up a bulk of tall shrubs, the Deutzias rank with the Viburnum, Cornus, Mock Orange and Lilac. They are quick to grow, handsome in foliage and showy when in flower and should be used for forming screens.

Candidissima. (III). Strong growth. Double white flowers.

Crenata. (III). Double rosette shape, white tinged pink.

Fortunei. (II). White flowers; quite distinct.

Gracilis. (I). May, June. Snow white flowers.

Gracilis Rosea. (I). May. Flowers light rose.

Lemoinei. (I). Flowers pure white.

Compacta. (I). Very compact growing variety; white flowers.

Pride of Rochester. (III). Double white.

tinged outside with pink.

Scabra. (III). Flowers white, tinged pink.

Waterii. (I). May. Flowers delicate pink.

Wellsi. (II). Double white; fine.

DESMODIUM Bicolor. (III). August. Small pinkish-purple.

Penduliflorum. (II). September. Rosy purple flowers. Grand.

ELEAGNUS Angustifolia. (Oleaster). (III). A large shrub, sometimes of tree form, with long, narrow, silvery green foliage. Flowers yellow, followed by yellow fruit.

Longipes. (III). June. Yellow flowers, orange-red fruit.

ELDER. See Sambucus.

EUONYMUS Radicans. See Vines.

Americanus. See Trees.

EXCHORDA Grandiflora. (Pearl Bush). (II). May. Dazzling white flowers. 50 cents each.

FORSYTHIA. (Golden Bell). The Golden Bells stand in a class by themselves, and, with the Magnolias, are the first showy shrubs. Early in April they are a wealth of brilliant golden yellow. The foliage is entirely healthy and the growth vigorous.

Intermedia. A tall, upright growing form. Good for shrubby border planting. Deep yellow flowers and fragrant.

Fortunei. (II). Deep yellow.

Fortunei Variegata Aurea. (III). April. Leaves margined with golden yellow.

Suspensa. (II). April. Weeping form, golden yellow flowers.

VIRIDISSIMA. (Dark green Forsythia). Shrub-like in growth, dark rich foliage, yellow flowers and profuse bloomer.

Prices All varieties except where noted on this page are 25c, \$2.50 per dozen, \$18.00 per 100. Large size, 35c, \$3.50 per dozen, \$25.00 per 100. Extra large, 50c, \$5.00 per dozen, \$35.00 per 100.

Deutzias are handsome in foliage and showy when in flower.

Forsythia.
(Golden Bell.)

Grandiflorus. (III). The flowers of this are much larger than the others and very showy. Develops into a bushy shrub specimen.

Avalanche. (II). Very graceful variety, white flowers.

Falconeri. (II). Graceful shrub. White flowers. 25 cents.

Follis Aureis. (Golden Mock Orange). (I). Bright golden leaves.

Lemoinei Erecta. (II). Creamy white, fragrant.

Lemoinei Hybrida. (II). The branches of this variety are drooping and graceful. Flowers white and fragrant.

Speciosa. (III). Showy white flowers.

Nivalls. (II). Pure white flowers, very fine.

Mont Blanc. (III). June. White flowers.

Zeyehri. (II). June. White flowers with slight fragrance.

POTENTILLA Fruticosa. (I). Bright yellow flowers. 35 cents.

PRUNUS Triloba. A handsome shrub or small tree covered in May with delicate, double pink flowers. 50 cents; larger, 75 cents.

RHODOTYPOS Kerrioides. (White Kerria). (II). May. White flowers followed by black berries.

ROBINIA Hispida. (Bush Form). Beautiful and attractive bush. Clusters of pea-shaped flowers. 75 cents; larger, \$1.00.

RHAMNUS Cathartica. The well-known hedge plant valued for its extreme hardiness and good growth. \$15.00 per 100.

Frangula. (III). Foliage dark green. Reddish black berries in fall. 35 cents.

Price All varieties except where noted on this page are 25 cents, \$2.50 per dozen, \$18.00 per 100. Larger size, 35 cents, \$3.50 per dozen, \$25.00 per 100. Extra large, 50 cents, \$5.00 per dozen, \$35.00 per 100.

HALESIA Tetraptera. (III). May. White, bell-shaped flowers. 50 cts.

HAMAMELIS Virginica. (III). Yellow flowers in fall.

HEDYSARUM Multijugum. (II). A very showy plant producing purplish magenta colored flowers.

HIBISCUS Syriacus. See Althea.

HYDRANGEA Grandiflora Alba. (New American Everblooming Hydrangea). (II). One of the most beautiful and satisfactory shrubs in cultivation owing to its long blooming period and large clusters of pure snow-white flowers. Perfectly hardy. Nice plants, 35 cents. Larger, 50 cents. Extra large, \$1.00 to \$2.00.

Arborescens. (I). June, July. White panicles of flowers. Our native variety. 35 cents. Larger, 50 cents.

Paniculata. (II). Flowers creamy white in large panicles. 35 cents.

Paniculata Grandiflora. (II). July, August. Flowers white changing to pink and borne in immense pyramidal clusters. Will bloom same season planted.

TREE HYDRANGEA. We have very fine stock of this popular shrub grown in tree form. 75 cents; extra large, \$1.00.

HONEYSUCKLE. See Lonicera, also vines.

HYPERICUM Moserianum. Yellow flowers.

KERRIA Japonica. (II). Single yellow flowers.

Japonica Flore Pleno. (II). Double yellow blossoms.

Japonica Aurea. (I). A handsome variegated leaved variety.

Variegated. (I). Green foliage edged with white. Yellow blossoms.

LONICERA Grandiflora Rosea. (III). Pink blossoms.

Ledebouri. (I). May. Creamy yellow flowers.

Morrowi. (II). May. White flowers, dark green foliage, red fruit. 35 cents; larger, 50 cents.

Tartarica. (Bush Honeysuckle). May. Pink flowers, orange-colored berries.

Tartarica Alba. (III). May. (White Tartarian Honeysuckle). White flowers, bright berries.

Virginica Alba. (III). White flowers.

MYRICA Cerifera. (I). May. Almost evergreen; reddish flowers, waxy white berries. 50 cents; larger, \$1.00.

PHILADELPHUS Mock Orange. How deliciously fragrant are the spring blossoms of the Mock Orange! To many they bring pleasant thoughts of the coming flowers. A shrubby group or border is incomplete without them. Grown as specimens, they not only make a grand display at the flowering period, but continue to please with attractive foliage.

Coronarius. (Sweet

Mock Orange).

(III). The real old-fashioned form with its pretty, fragrant white blossoms and yellow stamens, a grand variety.

Tree Hydrangea.

HARDY FLOWERING SHRUBS—Continued.

RHUS Cotinus. (Smoke tree or Purple Fringe). This shrub or small tree differs widely from all others. Its beauty consists in the downy masses of mist-like flowers, surrounding the seeds in mid-summer, and apparently enveloping the tree in puffs. 50 cents, \$5.00 per doz. Extra size, \$1.00 each.

Chionanthus Virginica. (White Fringe Tree). (III). Drooping white flowers, 35 cents. Extra large, 75 cents.

Canadensis. (Sumac). (III). A native shrub topped in autumn with crimson heads of seed.

Typhina. (Stag Horn Sumac). (III). Scarlet heads of fruit and brilliant foliage. 35 cents. Extra size, 75 cents.

Typhina Laciniata. (Fern leaved Sumac). (III). Brilliant foliage. Crimson fruit. 50 cents; larger, 75 cents to \$1.00 each.

Copallina (III). Almost evergreen foliage which changes in fall to crimson. 35 cents. Extra size, 75 cents.

Glabra. (Smooth Sumac). (III). Leaves color brightly in autumn. Flowers in July, followed by brownish-crimson fruit. 40 cents; \$4.00 per dozen; extra size, 75 cents.

RISES Aureum. (III). May. Fragrant yellow flowers followed by dark brown fruit.

Gordianum. (II). May. Yellow and crimson flowers.

Philadelphus are deliciously fragrant.

ROSA Rugosa. See Roses.

ROSE OF SHARON. See Altheas.

ROSA RUGOSA Japanese Rose. (III). These beautiful roses are fast becoming popular as hedge plants, their bright, glossy foliage, which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges on the shrubby border.

SAMBUCUS Nigra Aurea. (Golden Elder). (III). Has bright leaves of a clear, golden-yellow.

Canadensis. (White Elder). (III). Attractive flowers followed by clusters of deep purple berries.

Laciniata. (III). Very valuable on account of its deeply cut foliage.

Variegata. (III). Variegated-leaved Elder. Of strong, healthy growth; foliage mottled with yellow and white.

Nigra. (European Elder). (III). White flowers. Black fruit.

Racemosus. (III). Flowers and berries in racemes. 50 cents.

SMOKE TREE. See *Rhus cotinus*.

SNOWBALL. See *Viburnum*.

SNOWBERRY. See *Symphoricarpos*.

SUMAC. See *Rhus*.

STEPHANANDRA Flexuosa. (II). June. Pure white flowers.

STRAWBERRY TREE. See *Euonymus* in trees.

SYMPHORICARPUS RUBRA. (Indian Currant). *Symphoricarpos vulgaris*. (I). A graceful, low-growing shrub with deep red berries clustered and crowded along its arching twigs. The branches take root where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large tree.

Racemosus. (II). Milkwhite berries that contrast finely.

SPIREAS. This is one of the largest groups of flowering shrubs and it is rarely that a group is planned without including some of its widely differing forms. We have endeavored to select, among the many kinds, the few which most clearly show the different types of beauty, without confusing our customer with an unnecessarily long list of names. The flowering period is more extended than that of any other group of shrubs. Their foliage is attractive at various seasons.

Van Houttei. (II). The most beautiful of the Spireas. We recall no shrub that exceeds this in the graceful Elm-like quality. The graceful branches, weighted down with a wealth of white blossoms, curve till they nearly touch the ground. It comes into bloom just before Decoration Day. If we were limited to one variety, we should select this.

S. Billardi. (I). A strong grower, with dull green foliage and dense panicles of bright pink flowers in July and August, with occasional blooms during the fall.

Anthony Waterer. (I). May to September. Heads of crimson flowers.

Arguta. (II). May. Flowers pure white.

Argentea. (II). July. White flowers in corymbs.

Prices All varieties except where noted on this page are 25 cents, \$2.50 per dozen, \$18.00 per 100. Large size, 35 cents, \$3.50 per dozen, \$25.00 per 100. Extra large, 50 cents, \$5.00 per dozen, \$35.00 per 100.

Rhus Cotinus when in bloom.

HARDY FLOWERING SHRUBS—Continued.

SPIREA—Continued.

- Billardi.** (II). Spikes of pink flowers.
Bumalda. (I). May to September. Rose-colored flowers.
Callosa Frobeli. (I). June to September. Flowers dark, violet-red.
Callosa Rubra. (Japanese Variety). (I). A very fine and rare variety bearing bright red flowers.
Callosa Superba. (I). A choice low-growing sort. Rose colored flowers. 50 cents.
Callosa Follis Variegata. (I). Foliage variegated. Flowers pink.
Callosa Rosea. (I). Rose colored flowers.
Tomentosa. (II). Deep pink flowers in panicles.
Fontaneyii Rosea. (II). June. Pink flowers.
Fontaneyii Alba. (II). White flowers.
Marguerite. (I). Rose-colored flowers.
Opulifolia Aurea. (Golden Leaved). (III). Yellow tinted foliage and white flowers.
Prunifolia. (Bridal Wreath). (III). May. White, double flowers along the leafless branches. 50 cents.
Reevesiana. (II). Clusters of white flowers.
Salicifolia Alba. (II). June to September. Rose colored flowers.
Semperflorens. (I). Red flowers in corymbs.
Thumbergil. (I). Fluffy masses of small white flowers.
Van Houttei. (II). June. Mass of white cluster flowers.
Paniculata Rosea. (II). Good grower. Carmine pink flowers.
Sorbifolia. (II). July. A distinct type, bearing heads of white flowers.

SYRINGA Lilac. These old-fashioned shrubs are always popular, and with the present revival of the "old-fashioned garden" no collection is complete without them. No matter how small the garden, every one wants Lilacs, and everywhere in the country, be it near a roadside farm, or in the garden or shrubbery of a fine estate, one finds them adding beauty and sweetness to any surroundings.

- Alphonse Lavalle.** Double bluish flowers. 75 cents.
Charles X. Single reddish purple flowers. 75 cents.
Japonica. (Japan Tree Lilac). Long trusses of creamy white flowers, grows into tree shape, 15 to 20 feet high. \$1.00.
Josikaea. Valuable on account of late blooms. Large purple flowers. 50 cents.
Mme. Lemoine. Double white flowers. 50 cents.
Marie le Gray. Single white flowers. 75 cents.
Michael Buckner. Double pale lilac flowers. 35 cents.
Pres. Grevy. Double blue flowers. 50 cents.
Rubra de Marley. Single, reddish purple. 35 cents.
Madam Abel Chatney. Large panicles, double white, very fine, \$1.00.
Sou de Ludwig Spath. Flowers fine and dark color. 50 cents.
Vulgaris. The old species. Lavender flowers.
Vulgaris Alba. Flowers pure white, fragrant.
Othella. Purplish red flowers. 50 cents.
Sanguinea. White flowers. 75 cents.
Persica. Bright purple flowers. 50 cents.
Rothamagensis. Purple. 50 cents.

SYRINGO or MOCK ORANGE. See Philadelphia.

STAPHLEA Colchica. (D). Fine early white flowering shrub. Flowers fragrant, disposed in clusters. 50 cents.

TAMARIX. Attractive tall-growing shrubs with fine feathery foliage like that of Junipers. Splendid shrubs for seashore planting or damp places. Flowers profusely and are usually a delicate pink color.

Africana. (III). Tall-growing, irregular shrubs with feathery foliage and small, delicate pink flowers.

Spirea Van Houttei—Note the picturesqueness and character these add to the appearance of home and grounds.

TAMARIX Hispidula Aestivalis. (III). July. Pink flowers. Its neat flowers and blue-green foliage are very ornamental.
Indica. (III). Pink flowers.

Japonica Plumosa. (III). Pink flowers in slender racemes.
Odessana. (II). Pink flowers in panicked racemes. 35 cents; larger, 50 cents.

Tetandra Purpurea. (II). Beautiful pink.
Gallica. (III). June. Pinkish flowers, bluish-green leaves.

VIBURNUM. An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good healthy foliage.

Opulus. (Highbush Cranberry). This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks.

Sterilis. (Common Snowball). (III). Flowers white, borne in clusters.

Plicatum. (Japanese Snowball). (III). Large balls of flowers white as snow. 35 cents; larger, 50 cents.

Lantana. (III). White flowers, clusters of bright red fruit, changing to black.

Dentatum. (III). Creamy white, flat-topped, cluster flowers. 35 cents.

Dilatatum. (Japanese Cranberry). (III). Upright branches, clusters white flowers. 35 cents.

Oxycoccus Nanus. (I). An excellent compact growing dwarf shrub. Very desirable for low hedges, perfectly hardy.

Tomentosum. (III). White flowers. 50 cents.

Tree Snowball. Nice trees, \$1.00 each; larger, \$2.00.

VITEX Agnus-Castus. The dark green foliage is star-shaped and pretty. Flowers in racemes of lavender blue in August and September when few other shrubs are in bloom.

WEIGELA Desbousii. (II). Deep rose flowers in profusion. 35 cents.

Hendersonii. (II). An excellent variety. Dark red flowers, 30 cents.

Venosa. (II). An elegant shrub, producing pink flowers. 30 cents.

Rosea. (II). Flowers rose colored.

Rosea Variegata. (II). Pink; leaves margined creamy-white.

Nana Variegata. (I). May. Pink flowers, variegated green and yellow foliage.

Eva Rathke. (II). Carmine-red.

Gustave Mallet. (II). Deep rose.

Van Houttei. (I). Clear carmine.

Amabilis. (I). May or June. Delicate pink flowers.

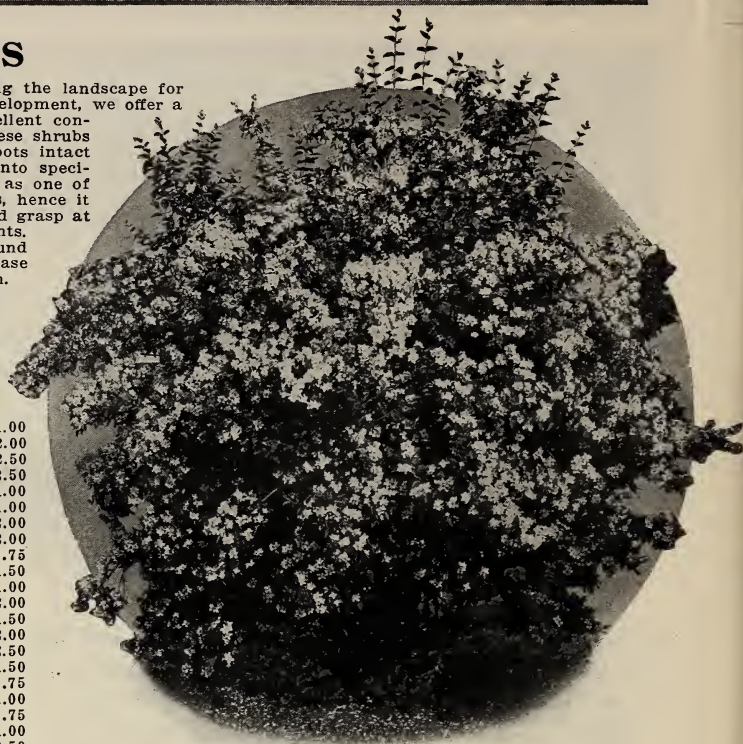

Viburnum Opulus.

Prices All varieties except where noted on this page are 25c, \$2.50 per dozen, \$18.00 per 100. Large size, 35c, \$3.50 per dozen, \$25.00 per 100. Extra large, 50c, \$5.00 per dozen, \$35.00 per 100.

Specimen Shrubs

These shrubs have been growing in Wagner Park, adorning the landscape for a number of years and our needing the space for further development, we offer a limited variety of these specimens, all of which are in excellent condition for transplanting and are of great value. Most of these shrubs would be dug with a ball of earth and shipped with the roots intact or undisturbed. It has taken several years to grow these into specimens, so if you want immediate effects order from this list, as one of these plants will be as effective as a half dozen small plants, hence it is economical to buy them. Could you but see them you would grasp at the opportunity of securing some of these fine, heavy plants. Only the meritorious and most desirable varieties will be found in this list, such as we know will give entire satisfaction and please everyone. See other parts of catalog for complete description.

Ornamental Hedge Plants

Every owner of property, whether a large estate or a small city lot, wishes to have the surroundings of the home look beautiful. In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. How easy this difficulty is solved when we consider the hedge. Nothing is better suited for the purpose and more desirable. A hedge will beautify the plainest kind of grounds and add immeasurably to the original attractiveness of grounds already beautiful. Contrast in your mind the wooden or iron fence with a fence that nature provides. The former is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings. Hedges used for the purpose of seclusion and also screening undesirable objects should consist of tall growing varieties of shrubs and irregularly arranged. If space will permit plant a hardy border, using an assortment of varieties. At the bottom of page 19 we give a list of those varieties that are suited for the various purposes.

Hedges take the place of fences and are much more desirable and attractive for general landscape effect.

Ornamental Hedge Plants

To make a satisfactory hedge the ground should be well prepared before planting. If the soil is of poor quality a trench should be dug 15 to 18 inches wide and 18 inches in depth, filling this in with good rich soil. This will insure rapid and strong root growth which will well repay for the time and trouble.

PRUNING AND CARE OF HEDGES.

To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out to prune back quite severely. This will encourage strong bottom growth and makes the foundation of a good hedge.

As an illustration: If you wish to plant a hedge of privet and receive plants from a nursery 18 to 24 inches in height, after these have been planted they should be pruned back within 9 to 12 inches of the ground. Varieties used for hedges of light growth should not be pruned back so severely. In the case of evergreens, such as Arbor Vitae, these, when first planted out, need only be pruned enough to put them in uniform shape. After the hedge has become established it will be necessary to do a certain amount of pruning from year to year. Those of a formal character will require severe pruning to keep them in their required shape and of a desired height to suit the requirements of the place. Varieties such as Berberis Thunbergii only require the cutting away of the irregular growth. The above comprises a few of the first essentials of success in forming a good hedge.

LIGUSTRUM. (Privet). The most popular and satisfactory of all hedge plants, as the hardy varieties can be planted in the extreme northern states with perfect safety. With Privet you can have a hedge of any height or shape desired, as they withstand shearing well.

Amurense. (Amor Privet). Glossy green foliage and hardy in all localities, nice plants, \$1.00 per dozen; \$7.00 per 100. Extra large size, \$2.50 per dozen; \$15.00 per 100.

Media. A very hardy variety, covered with berries during the fall and winter. Nice plants, \$1.00 per dozen, \$7.00 per 100; larger, \$2.00 per dozen; \$12.00 per 100.

Ibota. (Chinese Privet). A fine and hardy variety having very fragrant flowers. Nice plants, \$1.50 per dozen; \$10.00 per 100; larger, \$2.00 per dozen, \$15.00 per 100. Extra heavy plants, \$3.00 per dozen, \$20.00 per 100.

Ovalifolium. (California Privet). The most popular variety, has very fine foliage and is nearly evergreen. Not hardy in the extreme northern states. Nice plants, \$1.00 per dozen, \$5.00 per 100; larger plants, \$1.50 per dozen, \$7.50 per 100. Extra heavy plants, \$2.00 per dozen, \$10.00 per 100.

Regelianum. (Regel's Privet). Absolutely hardy, and is sufficiently dense for hedge purposes even without trimming. Nice plants, \$1.50 per dozen, \$10.00 per 100; large size plants, \$2.50 per dozen, \$18.00 per 100.

Vulgaris. (English Privet). A desirable hardy hedge plant which is covered in fall with waxy berries. Nice plants, \$1.50 per dozen; \$8.00 per 100; extra large size, \$2.50 per dozen; \$15.00 per 100.

BERBERIS Thunbergii. A beautiful low-growing shrub, covered with red berries nearly all winter. \$2.50 per dozen; \$15.00 per 100; larger, \$3.00 per dozen; \$20.00 per 100.

A Hedge of *Ligustrum Ovalifolium* (California Privet). The trees are *Catalpa Bungei* useful for entrances or where formal effects are desired.

ALTHEA. (Hibiscus, Rose of Sharon). These desirable shrubs make a most satisfactory hedge plant, particularly where one of tall upright growth is desired. They, not only have good green foliage, but produce a profusion of blossoms in late summer and fall. Mixed colors. Nice plants, \$2.00 per dozen, \$15.00 per 100. Larger, \$3.50 per dozen, \$25.00 per 100. Extra heavy plants, \$5.00 per dozen; \$35.00 per 100.

HYDRANGEA. Paniculata Grandiflora. A showy and attractive shrub, having large clusters of pure white flowers which change to pink in early fall. Desirable hedge plant, \$2.50 per doz.; \$15 per 100; extra large, \$3.50 per doz.; \$25 per 100.

RHAMNUS Cathartica. A desirable hedge plant of rather coarse growth. Extensively used on account of its extreme hardness. Nice plants, \$2.00 per dozen, \$12.00 per 100; larger size, \$3.00 per dozen, \$20.00 per 100. Extra heavy plants, \$4.00 per dozen, \$30.00 per 100.

ROSA Rugosa. The foliage is a shining, dark green, not attacked by insects. Large, single pink flowers, followed by bright scarlet fruit. \$2.50 per dozen; \$15.00 per 100; extra large, \$3.50 per dozen; \$25.00 per 100.

Evergreens

THUYA Arbor Vitae. Nice young plants, \$2.50 per dozen, \$15.00 per 100; bushy plants, 2 feet high, \$5.00 per dozen, \$35.00 per 100. Heavy 2½ to 3 feet plants, \$7.50 per dozen, \$50.00 per 100.

PICEA Excelsa. (Norway Spruce). Nice young plants. 15 to 18 inches high, \$2.50 per dozen, \$15.00 per 100. 18 to 24 inches, \$5.00 per dozen; \$35.00 per 100.

TSUGA Canadensis. (Hemlock Spruce). Nice plants, 18 to 24 inches high, \$7.50 per dozen, \$50.00 per 100.

BUSH BOX. Nice plants, 8 to 10 in., \$2.50 per dozen, \$18.00 per 100; heavy plants, 12 to 15 in., \$5.00 per dozen, \$35.00 per 100. For other sizes see other part of catalogue.

For larger size Evergreens see other list.

Other Suitable Shrubs

Altheas; Amorphia; Berberis; Calycanthus; Caragana; Cephalanthus; Cornus; Cydonia; Desmodium; Deutzias; Eleagnus; Forsythias; Philadelphus; Rhus; Sambucus; Spirea; Symphoricarpus; Syringas; Tamarix; Viburnums; Weigelas. For description and prices of above varieties see other parts of catalogue.

Blossoms

Shade and Ornamental Trees

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way.

Our complete list of shade and ornamental trees comprises nearly three hundred varieties, but have taken extra precaution in the list here, selecting only such kinds as possess distinctive and decorative merit, all of which are suitable for lawn, park or avenue planting.

Trees for Special Positions

We classify these that our customers may select trees especially suited to their position and needs. Those varieties not classified may be used in general plantings, hardy borders, etc. All varieties we list possess some distinction and merit.

VARIETIES FOR LAWN SPECIMENS. Acer Platanoides, Dasycarpum, Wieri Laciniata, Pseudo Platanus, Reitenbachii, Schwedleri and Negundo; Aesculus Hippocastanum and Rubicunda; Betula Alba; Cornus Florida; Catalpa Speciosa; Fagus Sylvatica, Sylvatica Purpurea; Lati-folia and Sylvatica Purpurea; Liquidamber; Lirodendron; Platanus Orientalis, Occidentalis; Salisburia; Tilia Europea Americana and Ulmus Americana.

Acer Dasycarpum

VARIETIES FOR STREET AND AVENUE PLANTING. Acer Platanoides, Dasycarpum, Pseudo Platanus, Schwedleri and Negundo; Catalpa Speciosa; Larix Europea; Liquidamber; Platanus Orientalis and Occidentalis; Populus Deltoides; Quercus Palustris; Tilia Americana and Europea; Ulmus Americana.

VARIETIES FOR SMOKY CONGESTED CITY STREETS, which demand a sturdy robust tree. Acer Platanoides; Allantus; Catalpa Speciosa; Gymocladus; Populus Carolina; Platanus Occidentalis and Orientalis; Salisburia; Ulmus Americana.

VARIETIES PRODUCING FLOWERS. Nothing is more attractive than a group of flowering trees. See description and color on following pages. Aesculus; Aralia; Cercis; Cerasus; Crataegus; Cornus; Catalpa Speciosa; Koelreuteria; Lirodendron; Magnolias; Persica; Pyrus; Prunus Triloba; Robinia; Sophora; Sorbus Aucuparia.

Have your ground ready to plant upon arrival of trees if possible. If, however, impossible to do this, unpack and heel in, that is dig a trench and cover the roots with fine soil, pressing it down firmly that there are no air spaces to the roots and if soil is very dry give a watering. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition do not unpack, but put in a cool place free from frost until perfectly thawed, when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set out you can spread out the roots, always avoiding as much as possible twisting and crowding the roots. Work the soil in carefully about the roots leaving no cavities or air spaces and pack the soil firmly.

Shade and Ornamental Trees

PRICES OF TREES PER DOZEN.

All listed at \$0.75 are \$8.00 per doz.
 All listed at \$1.00 are \$10.50 per doz.
 All listed at \$1.50 are \$16.00 per doz.
 All listed at \$2.00 are \$22.00 per doz.

SPECIAL NOTE. In addition to the regular sizes listed below, we have a lot of extra choice specimens which price varies according to variety and size, \$5.00 to \$25.00 each.

ACER Dasycarpum. (Maple). There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick growing trees for most soils and situations. 75 cents. Larger, \$1.00. Specimens, \$2.00 to \$5.00.

Platanoides. (Norway Maple). Deep green leaves. \$1.00; larger \$1.50 to \$2; extra size, \$2.50 to \$5.

Negundo. (Ash-leaved Maple or Box Elder). A handsome tree. \$1.00; larger, \$2.00 to \$3.00.

Pseudo Platanus. (Sycamore-leaved Maple). Foliage deep green on upper surface and purplish red underneath. \$1.00; larger, \$1.50 to \$2.00.

Reitenbachii. A beautiful and striking variety because of its rich, changing foliage; decidedly purple. \$1.00; larger, \$2 to \$3.

Saccharum. (Sugar Maple). Used for shade on lawn or park plantings. \$1.00; larger, \$2 to \$5.

Schwedleri. (Purple-leaved Maple). Leaves bright purplish crimson which changes to purplish green. \$1.00; larger, \$1.50 to \$3.00.

Wieri Laciniatum. (Wier's Cut-leaved Maple). Delicately cut leaves. \$1; larger, \$1.50 to \$3.

AESCULUS Hippocastanum. (Horse Chestnut). Double white flowered. \$1.00; larger, \$1.50 to \$3.

Rubicunda. Red flowered. One of the finest trees. \$1.50; larger, \$2.00 to \$3.00.

Macrostachya. (Dwarf Horse Chestnut). Panicles of creamy-white flowers. \$1.50 to \$2.00.

AILANTHUS. (Tree of Heaven). Palm-like foliage. \$1 to \$2.50.

ALNUS Glutinosa. Rapid grower, dull dark green foliage. 75c; larger, \$1.00 to \$1.50.

ARALIA Spinosa. (Hercules Club). Large leaves, white flowers. 75 cents; larger, \$1.00 to \$2.50.

Mandchuricus. Tropical like foliage. 75c; larger, \$1 to \$1.50.

BETULA. (Birch). Alba (White Birch). White bark tree. \$1; larger, \$1.50 to \$3.00.

Pyramidalis. Columnar habit, similar to the Lombardy Poplar. 75 cents; larger, \$1.00 to \$1.50.

Alba Laciniata Pendula. (Cut-leaved Weeping Birch). A pyramidal tree with graceful pendulous branches and deeply cut foliage. \$1.00; larger, \$1.50 to \$2.00.

CATALPA Bungei. (Umbrella Tree). Very dense, symmetrical head. \$1.50; larger, \$2.00 to \$5.00.

Speciosa. (Western Catalpa). A fine and hardy sort, well adapted for forest and ornamental planting. Leaves are heart-shaped and very large, its blossoms are very fragrant. 75 cents; larger, \$1.00. Extra size, \$2.50 to \$5.00 each.

CERASUS. Padus. (European Bird Cherry). Pure white flowers followed by black fruit. 75c to \$1.00; larger, \$1.50 to \$3.

Sinensis Flore Plena. (Chinese Double-flowered Cherry). An excellent sort, with large, double white flowers. \$1.50 to \$2.

Rosea Pendula. (Weeping Cherry). Japanese variety. Rose-pink. \$1.50 to \$2.00.

CERCIS. (Judas Tree). (Red Bud). Reddish-purple flowers. 75 cents; larger, \$1.00 to \$1.50.

CORNUS. (Dogwood). **Rubra.** Flowers deep pink. \$2.00.

Florida. (White Dogwood). Deep crimson autumnal colored leaves. \$1.00; larger, \$1.50 to \$2.00.

CRATAEGUS Oxyacantha. (English Hawthorn). The pretty cut foliage and grand display of sweet-scented white flowers make this a great favorite. 75 cents; larger, \$1.00 to \$2.00.

Coccinea. Fl. Pl. (Paul's Double Scarlet). Fine double crimson flowers. \$1.00; larger, \$1.50 to \$3.00.

Taxodium. A very symmetrical tree with fine feathery foliage. The tree with white bark is *Betula Alba*.

EUONYMUS Europaeus. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 75 cents to \$1.50.

EUONYMUS. Americana. (Strawberry Tree). Red berries. 75 cents to \$1.00.

FAGUS. (Beech). **Asplenifolia, Heterophylla.** (Fern-leaved Beech). Leaves deeply divided. \$1.50; larger, \$2.00 to \$2.50.

Riversi. (River's Purple Beech). Leaves very dark purple. \$1.00; larger, \$1.50. Extra large, \$2.50 to \$5.00.

Sylvatica. (European Beech). A compact, long-lived tree having dense, dark green foliage. \$1; larger, \$2.00. Extra large, \$3.50 to \$5.00.

Purpurea Pendula. Weeping Purple Beech). Beautiful purple foliage. \$2.50 to \$3.50.

GYMNOCLADUS. (Kentucky Coffee Tree). **Canadensis.** Feathery foliage. \$1.00; larger, \$1.50.

HYDRANGEA TREE. We have a very fine stock of this popular shrub grown in tree form. These make very beautiful trees for the lawn. 75 cents; larger, \$1.

JUGLANS. Sieboldiana. (Japanese Walnut). Perfectly hardy, very ornamental. \$1.00; larger, \$1.50.

KOELREUTERIA. Paniculata. (Jap. Varnish Tree). Small attractive tree, covered with yellow flowers. \$1.00; larger, \$1.50 to \$2.00.

LARIX (Larch) **Europea.** A conifer with deciduous needle-like foliage. 75c; larger, \$1.00 to \$1.50.

LIQUIDAMBAR. (Sweet Gum). Glossy green foliage changing to bright red. \$1.00; larger, \$1.50.

LIRIODENDRON. (Tulip Tree). Foliage dark green; creamy yellow flowers. \$1; larger, \$1.50.

MAGNOLIA. Soulangiana. Flowers large white tinged purple. \$1; larger, \$1.50 to \$2.50; extra large, \$3.50 to \$5.00.

Stellata. Semi-double white star-like flowers. \$1.50; larger, \$2.00 to \$3.00.

Acuminata. Cucumber Tree. Fruit cones cucumber shape, turning crimson. \$1.00; larger, \$1.50.

Lenni. Color, dark rose, center pearly white. \$1.50; larger, \$2.00 to \$4.00.

Alexandrina. Purplish rose and white. \$1.50; larger, \$2 to \$3.

Speciosa. White tinged pink. \$1.50; larger, \$2.00 to \$4.00.

MORUS Alba Tartarica. (Russian Mulberry). A very hardy and low growing type. 75 cents; larger, \$1.00 to \$1.50.

Pendula. (Weeping Mulberry). Umbrella shaped head, long, drooping branches. \$1.50 and \$2.00.

PAULOWNIA Imperialis. (Empress Tree). Tropical foliage. In the north plant where protected. \$1.00; larger, \$1.50.

PERSICA. Rose Plena. (Flowering Peach). Beautiful double pink flowers. \$1.00; larger, \$1.50 to \$2.00.

PLATANUS. (Eup. Sycamore). **Orientalis.** Grayish bark makes a fine contrast against the green. \$1; larger, \$1.50 to \$5.

Occidentalis. (American Sycamore). A very picturesque tree. \$1.00; larger, \$1.50 to \$3.00.

POPULUS Fastigiata. (Lombardy Poplar). Pyramidal form. 75 cents; larger, \$1.50; extra size, \$2.00 to \$5.00.

Carolinensis. (Carolina Poplar). A quick growing variety with gray-green bark and bright green heart-shaped foliage. A desirable variety for screening unsightly buildings and for planting to secure immediate effects. 75 cents, larger, \$1.00.

Large specimens, \$2.00 to \$5.00 each.

Bolleana. Pyramidal tree. Leaves glossy green above, silvery beneath. \$1.00; larger, \$1.50 to \$5.00.

PRUNUS Pissardi. Purple leaves, white blossoms. 50 cents; larger, \$1.00; fine specimens, \$2.00 to \$5.00.

Triloba. Delicate double pink flowers. 50 cents; large, 75 cents to \$1.00; extra size, \$1.50 to \$2.50.

SHADE AND ORNAMENTAL TREES—Continued.

Japanese Maples Are Very Graceful and Striking.

TILIA. (Linden). European. A little more compact than the American species. \$1.00; larger, \$1.50.
Americana. Splendid form, large stature. \$1.00; larger, \$1.50.
ULMUS Americana. (Elm). No finer tree grown. 75 cents; larger, \$1.00 to \$1.50; extra size, \$2.00 to \$5.00.
Campestris. (English Elm). Very desirable for lawn or landscape. \$1.00; larger, \$1.50 to \$2.00.
Scabra Pendula. (Camperdown Weeping Elm). A picturesque form. \$2.00.

Japanese Maples

The most beautiful of small trees, being of bush form and very graceful. Their delicately cut leaves and vivid coloring make them general favorites. They ought to be planted in the foreground of taller trees or shrubbery.

Polymorphum. Bright green dense foliage. Nice plants, \$1.00; larger, \$1.50 to \$2.00; specimens, \$2.50 to \$5.00 each.
Polymorphum Atropurpureum. (Blood-red). Very showy during the entire summer. Nice plants, \$1.00 each; larger, \$1.50 to \$2.00; fine specimens, \$2.50 to \$5.00 each.
Dissectum. (Cut-leaved). Leaves divided and of a rich green. 75 cents; larger, \$1.00 to \$2.00; specimens, \$2.50 to \$3.50.
Dissectum Purpureum. (Cut-leaved Purple Maple). Beautiful, slender and gracefully drooping branches. Reddish in color and very attractive. \$1.00; larger, \$1.50 to \$2.00.

PTELIA Trifoliata. Hop Tree. (D). A round-headed, loosely branched tree, with glossy green foliage; adorned in the fall with numerous clusters of light green fruit-pods. Prefers a shaded position and moist soil. 75 cents; larger, \$1.00.

Trifoliata Aurea (Golden Top Tree). Showy golden yellow foliage, retaining its color all summer. \$1.00; larger, \$1.50.

PYRUS Augustifolia. (Bechtel's Flowering Crab.) Double rose-like flowers of a delicate pink color. \$1.00; larger, \$1.50 to \$2.00.

Parkmani. Double pink rose-like flowers. \$1.00; larger, \$1.50 to \$2.00.

Floribundi. Rose colored flowers, red fruit. \$1.00; larger, \$1.50 to \$2.50.

QUERCUS. (Oak). **Robur.** (English Oak). Massive spreading stature. \$1.00; larger, \$1.50.

Cocinea. (Scarlet Oak). Foliage purplish crimson in autumn. \$1.00; larger, \$1.50 to \$3.00.

Palustris. (Pin Oak). The most beautiful of all oaks. \$1.00; larger \$1.50 to \$3.00.

Rubra. (Red Oak). Foliage changes to bronze red in autumn. \$1.00; larger, \$1.50.

ROBINIA Pseudacacia. (Black Locust). White flowers. \$1.00; larger, \$1.50 to \$2.00.

Viscosa. Cream colored flowers in racemes, rare. \$1.00; larger, \$1.50.

Hispida. A small tree with clusters of pea-shaped flowers. Color, rose pink. \$1.00; larger, \$1.50.

SALISBURIA Adiantifolia. (Ginkgo or Maiden Hair Tree). Fern-like foliage, resembling Maiden Hair Fern. \$1.00; larger, \$1.50 to \$2.00.

SALIX. (Willows). This species of trees do best planted in low moist soils, along the banks of streams or ponds, and where low branching trees are desirable. We offer the following varieties in bushy plants branched from the ground. We can supply most varieties in standard or tree form if desired.

Babylonica. Branches drooping gracefully. 75 cents; larger, \$1.00 to \$1.50.

Vitellina Aurea. Highly effective, with its golden bark. 75 cents; larger, \$1.00 to \$1.50.

Elegantissima. Similar to Babylonica, but more upright. \$1.00; larger, \$1.50.

Dolobrosa. Foliage glaucous underneath. 75 cents; larger, \$1.00 to \$1.50.

Lutea. Clean golden bark, light green foliage. 75 cents; larger, \$1.00 to \$1.50.

Rosmarinifolia. (Rosemary Willow). Round head, small silvery foliage. \$1.00; larger, \$1.50.

Pentandra. (Laurel-leaved Willow). Dark green, glossy leaves. 75 cents; larger, \$1.00 to \$2.00.

Purpurea Pendula. (New American Willow). A graceful variety with slender, drooping branches and silvery gray leaves. \$1.00; larger, \$1.50 and \$2.00.

Caprea Pendula. (Kilmarnock Weeping Willow). Beautiful, very effective. \$1.00; larger, \$1.50.

SORBUS Acuparia. (European Mountain Ash). Orange-colored berries mid-summer till frost. \$1.00; larger, \$1.50.

Acuparia Pendula. (Weeping Mountain Ash). Slender, drooping branches and bright red berries. \$1.00; larger, \$1.50 to \$5.00.

SOPHORA, Japonica. (Japan Pagoda Tree). Small shining leaves. Clusters snowy-white flowers. \$1.50; larger, \$2.00.

Japonica Pendula. (Weeping Sophora). Long, drooping branches. \$1.50; larger, \$2.00.

TAXODIUM Distichum. (Bald Cypress). The fine fern-like foliage and the conical form of this tall tree make it highly desirable. Likes moist ground. \$1.00; larger, \$1.50.

Distichum Pendula. (Weeping Cypress). Gracefully drooping branches. \$2.00; larger, \$3.00.

FRUIT DEPARTMENT

APPLES. Ben Davis, Baldwin, Bismarck, Early Harvest, Golden Russet, Northwestern Greening, Red Astrachan, Rome Beauty, Wagner, White Pippin, Yellow Transparent.

CHERRIES. Baldwin, Early Richmond, English Morello, Montmorency, May Duke, Napoleon, Windsor.

PEARS. Bartlett, Clapp's Favorite, Flemish Beauty, Kieffer, Worden-Seckel.

PLUMS. Abundance, Burbank, Diamond, Lombard.

Price Apples, Cherries, Pears, Plums, 40 cents each; \$4.00 per dozen; larger size, 60 cents each; \$6.00 per doz.

CRAB APPLES. Hyslop, Transcendent. Price, 35 cents each; \$3.50 per dozen; \$25.00 per 100. Larger size, 50 cents each; \$5.00 per dozen.

PEACHES. Crawford's Early, Elberta, Lemon Free. Price, 25 cents each; \$2.50 per dozen; \$15.00 per 100. Larger size, 35 cents each; \$3.50 per dozen; \$25.00 per 100.

BLACKBERRIES. Eldorado, Rathburn. Prices, 10 cents each; \$1.00 per dozen; \$5.00 per 100.

CURRENTS. Black Champion, White Grape, Wilder. Price, 15 cents each; \$1.50 per dozen; \$10.00 per 100.

DEWBERRIES. Lucretia. Price, 10 cents each; \$1.00 per dozen; \$4.00 per 100.

GOOSEBERRIES. Downing. Price, 15 cents each; \$1.50 per dozen; \$10.00 per 100.

GRAPES. Concord, Early Ohio, Wilder, Worden, Catawba, Diamond. Price, 25 cents each; \$2.50 per dozen; \$15.00 per 100.

RASPBERRIES. Cumberland, King, Golden Queen. Price, 10 cents each; \$1.00 per dozen; \$3.00 per 100.

STRAWBERRIES. Senator Dunlap. Price 50 cents per dozen; \$3.00 per 100.

Four Choice Hardy Vegetables

RHUBARB Linnaeus (or Pie Plant). Large, early, tender, fine. Very best of all. 15 cents; \$1.50 per dozen.

Hobday's Giant. Extraordinarily large and excellent flavor. 25 cents; \$2.50 per dozen.

ASPARAGUS. Conover's Colossal. A standard variety of large size, tender and excellent quality. Good strong roots. 25 cents per dozen; \$1.50 per 100.

Mammoth White. Strong, vigorous growth, producing very large white shoots. 25 cents per dozen; \$1.50 per 100.

PINES, SPRUCE, HEMLOCK, ARBOR VITAE, more than two hundred varieties of evergreens and conifers, vie with thousands of deciduous trees and shrubs in their display of beauty at Wagner Park Arboretum, the home of the finest collection of arboreal treasures in the country. It is frequently a surprise to visitors to see the great assortment of evergreens and the fine specimens we have. The illustration shows a section of Evergreens in our Arboretum.

Hardy Ornamental Evergreens—Conifers

From out the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected trees, bushes and shrubbery that will furnish the desired background for any home, park or public ground. The prices are altogether moderate.

For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the graduations of shade between the dark greens of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants, that will answer all the utilitarian purposes of windbreaks, border planting, shade production and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn and terrace adornment.

For an evergreen group surrounding a house the plants that submit to severe clipping have made themselves perhaps the favorite;—Retinosporas, Juniperus, Thuyas, for example. Symmetrical conifers delight the architects by their effective "horizontalism," Nature's expressions of the builder's principle.

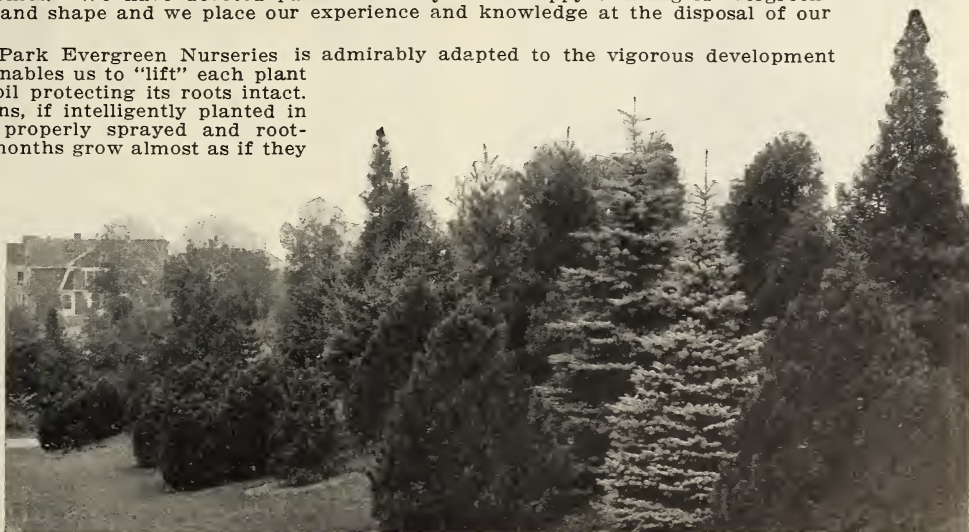

Evergreen hedges are becoming more and more features of the well laid out home. The smallest place is improved by them. For gardens, vegetable and flower, they are an invaluable attraction.

The varieties of color, of tone, more accurately to be found among a characteristic evergreen selection, permit of no less harmonious and striking pictures than do flowers. From the wonderful blue of the Colorado Spruce, *Picea pungens* and *Kosteriana*, to the brilliant "spring green" of the Common Red Cedar, *Virginiana*, or certain varieties of the Juniper in which appear odd variegations of silver white, there are endless possibilities for color harmonies. We have devoted particular study to the happy blending of evergreens with reference to color and shape and we place our experience and knowledge at the disposal of our patrons.

The soil at Wagner Park Evergreen Nurseries is admirably adapted to the vigorous development of fibrous roots. This enables us to "lift" each plant "in ball" or with the soil protecting its roots intact. Wagner Park Evergreens, if intelligently planted in their new home, and properly sprayed and root-soaked during the hot months grow almost as if they had never moved.

Wagner Park Evergreens have been several times transplanted. They are shipped to you in ball, with an abundance of roots, carefully burlapped. Spring and early fall are the best times to plant, though Wagner Evergreens planted in the mid-summer and winter months have done splendidly.

The Roots of Our Evergreens Are Undisturbed—We Dig and Ship with Ball of Earth, thus One May Plant at almost any Season.

Such an arrangement and planting of Evergreens show their individual charms most effectively. Note the contrast of the "Kosters Blue Spruce," against the green

EVERGREENS—Continued.

ABIES (Fir). *Balsamea*. Dark green foliage. Nice plants, 2 to 3 ft., \$1.50; 3 to 4 ft., \$2.25; 4 to 5 ft., \$3.00; 5 to 7 ft., \$4.00 to \$5.00.
Balsamea Argentea. A silver foliaged variety. Nice plants, 3 to 4 ft., \$3.00; 5 to 6 ft., \$4.00 to \$5.00.
Brachyphylla. Light green foliage. 2 ft., \$1.50 to \$2.00.
Concolor. Color nearly as bright as the blue spruce. Nice plants, \$1.50; 2 to 2½ ft., \$2.50; 3 to 4 ft., \$4.00; 5 to 7 ft., \$6.00 to \$10.00.
Canadensis. (Hemlock Spruce). See *Tsuga*.
Douglasii. (Douglas Spruce). See *Pseudotsuga*.
Fraseri. Similar to *Balsamea*. 3 to 4 ft., \$3.00; 5 to 7 ft., \$4.00 to \$6.00.
Nobilis Glauca. Beautiful silvery blue foliage. 3 ft., \$3.50; 4 ft., \$5.00 to \$6.00.
Nordmanniana. Foliage slightly glaucous below. 2 ft., \$2.00; 3 ft., \$4.50; 4 ft., \$6.00; 6 to 7 ft., \$10.00 to \$15.00; 8 to 10 ft., \$18.00 to \$22.50.
Pectinata. Slender branches of beautiful green color. Nice plants, \$1.50; 2 ft., \$1.50; 3 ft., \$2.50; 4 ft., \$3.00 to \$3.50.
Pyramidalis. A distinct form of pyramidal outline. 2 to 3 ft., \$3.00 to \$4.00; 4 to 5 ft., \$6.00 to \$7.00.
Umbilicata. Very similar to *Nordmanni* but much handsomer. 3 to 4 ft., \$3.50 to \$4.50.
ARBORVITAE. See *Thuja*.
BLUE SPRUCE. See *Picea Pungens*, *Glauca* and *Kosteriana*.
CRYPTOMERIA Japonica Lobbi Compacta. A new and most distinct variety. Nice plants, \$1.00 to \$1.50.
CUPRESSUS. Lawsoniana. (Triumph of Boskoop). A very fine variety. Nice plants, 75c to \$1.00; 2 ft., \$1.50; 3 ft., \$2.00; 4 to 5 ft., \$3.00 to \$5.00; 5 to 6 ft., \$6.00 to \$7.50.
FIR. See *Abies*.
HEMLOCK. See *Tsuga*.
JUNIPERUS. Canadensis. (Canadian Juniper). Foliage bright green. Nice plants, \$1.00; larger, \$1.50; 2 to 3 ft., \$2.00 to \$2.50.
Aurea Canadensis. (Golden Canadian Juniper). Foliage bright yellow. Nice plants, \$1.50; larger, \$2.00.
Aurea Chinensis. (Golden Chinese Juniper). Foliage bright golden color. Nice plants, \$1.50; 2 to 3 ft., \$2.50 to \$3.00; 3 to 4 ft., \$4.50 to \$6.00.
Chinensis Maseula. Upright growth, good foliage. Nice plants, 1½ to 2 ft., \$1.00 to \$2.00.
Chinensis Argentea variegata. Beautiful variegated variety. Nice plants, 1½ ft., \$1.00; 2 ft., \$1.50 to \$2.00.
Hibernica. (Irish Juniper). 3 ft., \$1.50 to \$2.00.
Japonica aurea. A bright golden form suitable for rockeries. Nice plants, \$1.00 to \$1.50.
Pfitzeriana. Very graceful and one of the hardest varieties. 1 to 1½ ft., \$1.50 to \$2.00; 2 to 3 ft., \$2.50 to \$3.00.
Recurva Squamata. Desirable low-growing evergreen. Nice plants, \$1.50; larger, \$2.00; 1½ to 3 ft., \$3.00 to \$5.00; 4 to 5 ft., \$6.00 to \$8.00.
Sabina. (Savin Juniper). Spreading form, very desirable for rockeries. Nice plants, 75c to \$1.00; 2 to 3 ft., \$1.50 to \$2.00; 3 to 4 ft., \$2.50 to \$4.00.

Sabina Fastigiata. Erect columnar habit. 2 to 3 ft., \$1.50 to \$2.00; 4 to 5 ft., \$3.00 to \$5.00.

Tamariscifolia. Foliage bluish green. Nice plants, \$1.50; 2 ft., \$3.00 to \$4.00.

Nana Aurea. Low spreading, golden foliage. Nice plants, \$1.25 to \$2.00.

Nearbortensis. Rich glaucous foliage. Nice plants, 1½ to 2 ft., \$1.25 to \$2.00.

Suecia. Glaucous foliage, columnar habit. Specimens, 2 to 3 ft., \$3.00 to \$5.00.

Virginiana. (Red Cedar). This is the common Juniper. Nice plants, 50c; larger, 75c to \$1.00. Specimens, 3 to 4 ft., \$1.50 to \$2.00; 5 to 7 ft., \$3.00 to \$5.00.

Cannarti. Pyramidal compact habit, silvery foliage. Nice plants, \$1.00; 2 to 3 ft., \$2.00 to \$3.00.

Elegantissima. (Golden Cedar). Very effective. Nice plants, \$1.00; larger, \$1.50; 2 to 3 ft., \$2.50 to \$3.50.

Glauca. Silvery blue foliage. 1½ to 2 ft., \$1.00 to \$2.00; 3 ft., \$3.00; 4 ft., \$5.00; 5 to 6 ft., \$7.00 to \$10.00.

Globosa. Globe shaped variety. 10 to 12 inches, \$1.00; 1½ ft., \$2.00 to \$3.00.

Schottii. Rich, green foliage. 1½ to 2 ft., \$1.00 to \$2.00; 2 to 3 ft., \$2.50 to \$3.50; 5 ft., \$5.00 to \$6.00.

PICEA Excelsa. (Norway Spruce). This, our common spruce, embraces more desirable features than any of the others. It is rapid growing, does well in most soils. Hedge size, 25c; \$2.50 per dozen; \$15.00 per 100; 1½ to 2 ft., 75c; 2½ to 3 ft., \$1.00; 3 to 4 ft., \$2.00; 5 to 6 ft., \$5.00 to \$7.00; 6 to 10 ft., \$10.00 to \$15.00.

Excelsa Aurea. A form of Norway, foliage tipped with yellow. 2 ft., \$2.00; 3 ft., \$3.50; 4 to 5 ft., \$5.00 to \$7.00.

Excelsa Compacta. Dense and compact. 2 ft., \$2.00; 3 ft., \$3.00 to \$4.00.

Excelsa Dumosa. A dwarf form. Nice plants, \$1.00.

Excelsa Elegantissima. A very fine variety. Specimens, 3 ft., \$4.00; 4 ft., \$5.00; 5 to 6 ft., \$6.00 to \$8.00.

Excelsa Inversa. (Weeping Norway Spruce). A very remarkable form. 4 to 5 ft., \$5.00 to \$6.00; 5 to 6 ft., \$8.00 to \$10.00.

Picea Excelsa (Norway Spruce). Very rapid growth and pleasing dark green foliage. Extensively used for specimen planting as well as for windbreaks and hedges.

Illustration here shows how our Evergreens are packed for shipment.

PICEA Excelsa Maxwell. Useful for low plantings. Nice plants, \$2.00; 2 ft., \$3.00; 3 to 4 ft., \$4.00 to \$5.00.

Excelsa Pyramidalis. A spire-like form. 2 to 3 ft., \$1.50; 4 ft., \$2.50; 5 to 6 ft., \$4.00 to \$6.00.

Pungens Glauca. (Colorado Spruce). The original form of the now famous Colorado Blue Spruce. The foliage of this tree is quite blue. It is a strong, hardy grower in any soil. Nice plants, \$1.25; 2 ft., \$2.00; 3 ft., \$4.00; 4 ft., \$5.00; 4½ to 5 ft., \$7.00 to \$10.00.

Pungens Glauca Kosteriana. (Koster's Blue Spruce). This is the most beautiful of the evergreen family. The rich, silvery blue coloring of the foliage is a rare bestowal of Nature and one she has saved for these grand trees. It will withstand the coldest climate, is a vigorous grower and will do well in any locality. For color effect nothing equals this beautiful variety. Nice plants, \$1.00 to \$2.00; 2 ft., \$3.50; 3 ft., \$5.00; 4 ft., \$7.00 to \$9.00; 5 ft., \$10.00 to \$12.00; 6 to 9 ft., \$15.00 to \$25.00.

Kosteriana Pendula. (Koster's Weeping Blue Spruce). This splendid new evergreen is undoubtedly one of the finest novelties ever sent out. Rich blue foliage. A tree of great distinction and rarity. 3 ft., \$5.00; 4 to 5 ft., \$10.00 to \$15.00; 6 ft., \$18.00 to \$20.00.

Alba. Color of foliage is grayish blue. 1 to 1½ ft., 75c; 2 to 3 ft., \$2.00 to \$2.50; 3 to 4 ft., \$3.50 to \$4.00; 4 to 5 ft., \$5.00 to \$7.00.

Picea Pungens Glauca Kosteriana, hundreds of such as may be seen at our nursery.

PICEA Alcockiana. Foliage light blue beneath and dark green above. Specimens, 2 to 3 ft., \$2.00; 3 to 4 ft., \$3.00 to \$4.00 each.

Englemanii. Bluish green foliage, fine for color contrast. Nice plants, \$1.00; 2 ft., \$2.00; 3 ft., \$3.00; 4 to 5 ft., \$5.00 to \$6.00.

Orientalis. Habit symmetrical and compact. Nice plants, \$1.00; 2 ft., \$2.00; 3 ft., \$3.00; 3 to 4 ft., \$4.00 to \$5.00.

Polita. Light green foliage. 2 ft., \$2.00; 3 ft., \$4.00; 4 to 5 ft., \$5.00 to \$7.00.

PINUS. (Pine). **Austriaca.** (Austrian Pine). A tall, massive tree, with spreading branches. Nice plants, \$1.50; 3 ft., \$2.50; 4 to 5 ft., \$3.50; 5 to 7 ft., \$5.00 to \$7.00; 8 to 10 ft., \$8.00 to \$12.00.

Cembra. (Swiss Stone Pine). A very hardy and handsome pine, with short, bluish green leaves. 2 ft., \$2.00; 3 ft., \$3.00 to \$4.00.

Banksiana. A remarkable rapid growing and ornamental variety. Will thrive in any kind of soil. Nice plants, 50c; 2 to 2½ ft., 75c; 3 to 4 ft., \$1.00 to \$2.00.

Mughus. (Mugho Pine). A dwarf bushy species forming a dense round compact body. Foliage dark green. Nice plants, \$1.00; larger, \$1.50; 2 to 3 ft., \$2.00 to \$4.00; 3 to 4 ft., \$5.00 to \$7.00; 5 to 6 ft., \$7.50 to \$10.00.

Parviflora Glauca. A new, very distinct, glaucous form. Specimens, 4 to 5 ft., \$5.00 to \$6.00.

Strobis. (White Pine). One of the best. Foliage is a dark green covered with a bluish sheen. Nice, 2 ft., \$1.00; 3 ft., \$1.50; 4 ft., \$2.50; 5 ft., \$3.00 to \$4.00; 6 to 8 ft., \$5.00 to \$7.00; 8 to 10 ft., \$7.50 to \$10.00.

Sylvestris. (Scotch Pine). The foliage is a light green and forms a compact round body and can be sheared or trimmed to any desired shape. Nice plants, 75c; 2 ft., \$1.00; 3 ft., \$1.50; 4 to 5 ft., \$2.50 to \$3.50; 6 to 8 ft., \$5.00 to \$7.00; 8 to 10 ft., \$10.00 to \$12.00.

PSEUDOTSUGA Douglasii. (Douglas Spruce). A very desirable tree for either collective or individual planting. Nice plants, \$1.00; 2 to 3 ft., \$2.00; 4 ft., \$3.00.

RETINOSPORA Filifera. Drooping, deep green foliage. Nice plants, 2 to 3 ft., \$1.50 to \$2.50; 4 to 5 ft., \$3.50 to \$5.00.

Pisifera. (Pea-Fruited Retinospora). Branches are open and graceful, the foliage light green above and silvery beneath. Nice plants, \$1.25; specimens, 2 to 3 feet, \$2.00; 4 to 5 ft., \$3.50; 5 to 6 ft., \$5.00 to \$8.00.

Pisifera Aurea. (Golden Pea-Fruited Retinospora). A bright golden evergreen with light, airy foliage. Specimens, 2 to 3 ft., \$2.25; 4 to 5 ft., \$3.00 to \$5.00 each.

Plumosa Aurea. Bright golden foliage. Nice plants, \$1.00; 2 to 3 ft., \$1.50 to \$2.00; 3 to 4 ft., \$3.00 to \$5.00.

A Good Specimen Pinus.

Thuyas, Junipers, Retinosporas and Taxus are used to produce such effects as here illustrated.

EVERGREENS—Continued.

SPRUCE. See Picea, also Abies.

TAXUS. (Yew). **Baccata.** (English Yew). Small, dark green leaves. Nice plants, 75c; 2 ft., \$1.25.

Baccata Adpressa. Beautiful dark green foliage. Nice plants, \$1.50; larger, \$2.50 each.

Cuspidata. (Japan Yew). A dense growing and very hardy variety with deep green foliage. Nice plants, \$1.00; larger, \$1.50.

Cuspidata Brevifolia. Dwarf, compact and very hardy form. Nice plants, \$1.00; 1½ to 2 ft., \$1.50 to \$2.00.

THUYA. Occidentalis. (American Arborvitae). A strong vigorous grower in almost any soil, and perfectly hardy. Its upright, slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedge. Hedge size, 25c; \$2.50 per dozen; \$15.00 per 100; 1½ ft., 50c; 2 ft., 75c to \$1.00; 3 ft., \$1.50; 4 to 5 ft., \$2.00 to \$3.00; 6 to 10 ft., \$5.00 to \$12.00.

Occidentalis Globosa. (Globe Arborvitae). A low, compact form. Nice plants, 75c; larger, \$1.00; 15 to 18 inches, \$1.50 to \$2.00; 20 to 30 inches, \$3.00 to \$5.00.

Occidentalis Hoveyi. (Hovey's Golden Arborvitae). A dense growing variety. 1½ ft., \$1.50; 2 to 3 ft., \$2.00 to \$4.00.

Occidentalis Pyramidalis. (Pyramidal Arborvitae). Compact, slender column of dark green is ornamental as a lawn specimen or in groupings. 2 ft., \$1.00; 3 ft., \$1.50; 4 ft., \$2.00 to \$3.00.

Occidentalis Wareana. A pyramidal tree with grayish green foliage. Nice plants, 75c to \$1.00; 1½ to 2 ft., \$1.50; 3 to 4 ft., \$2.50 to \$3.50.

Ellwangeriana. (Tom Thumb). In many respects it is similar to the Retinospora. Nice plants, 75c to \$1.00; 1½ to 2 ft., \$1.50; 2 to 3 ft., \$2.00 to \$3.00.

Lutea. Golden yellow. Nice plants, 1½ to 2 ft., \$1.00; 2 to 3 ft., \$1.50 to \$2.50.

Nana Compacta. Dwarf, dense little evergreen, light green foliage. Nice plants, 75c; larger, \$1.00.

Orientalis. (Chinese Arborvitae). Pyramidal tree. Nice green foliage. 2 to 3 feet, \$1.50; 4 to 5 ft., \$2.00 to \$3.00; 5 to 6 ft., \$4.00 to \$6.00.

Rosenthalii. Dark green, dense foliage, compact grower. Nice plants, 2 to 3 ft., \$2.50 to \$3.50.

Siberica. (Siberian Arborvitae). Globular shape, handsome and hardy. Nice plants, 75c; larger, \$1.00 to \$2.00.

Vervenana. The green and golden tinted leaves blend harmoniously. 3 to 4 ft., \$2.50 to \$3.50.

THUYOPSIS. Borealis Glauca. Pyramidal in habit; glaucous foliage. 2 to 3 ft., \$1.50; 4 ft., \$2.50; 5 to 7 ft., \$3.00 to \$5.00.

Standish. A pyramidal grower; foliage a little glaucous beneath and light green above. Nice plants, 3 ft., \$1.50 to \$2.50.

TSUGA. Canadensis. (Hemlock Spruce). A medium size tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This variety is a rapid grower and very hardy. If trimmed it becomes dense and bushy, making especially beautiful hedges. Hedge size, 75c; 1½ to 2 ft., \$1.00; 2 to 2½ ft., \$1.50; 3 ft., \$2.00 to \$3.00; 4 to 5 ft., \$4.00 to \$7.00; 5 to 7 ft., \$8.00 to \$10.00.

Microphylla. A rare variety of Tsuga. Nice plants, \$1.50; 1½ ft., \$2.50.

Sieboldi. (Japanese Hemlock). Rich, dark foliage. 1½ to 2 ft., \$2.00 to \$2.50.

YEW. See Taxus.

Prices of Evergreens

All varieties listed at 25 cents are \$2.50 per dozen, \$15.00 per 100.

All varieties listed at 50 cents are \$5.00 per dozen, \$35.00 per 100.

All varieties listed at \$1.00 are \$10.00 per dozen.

All varieties listed at \$1.50 are \$15.00 per dozen.

All varieties listed at \$2.00 are \$20.00 per dozen.

All varieties listed at \$2.50 are \$25.00 per dozen.

All varieties listed at \$3.00 are \$30.00 per dozen.

All varieties listed at \$3.50 are \$35.00 per dozen.

All varieties listed at \$4.00 are \$40.00 per dozen.

All varieties listed at \$4.50 are \$45.00 per dozen.

Extra selected specimens, \$5.00 to \$25.00 each, according to the variety.

COLLECTION OF EVERGREENS.

Anyone wanting to make a planting of assorted evergreens we offer below some desirable collections for general planting. All of these plants are in good thrifty condition and will give entire satisfaction.

We offer one dozen (12) nice thrifty plants in assorted varieties for \$6.00. Twenty-five (25) for \$12.00. Fifty (50) for \$22.00. One hundred (100) for \$40.00.

Owing to the low prices, selection must be left to us.

Thuya Occidentalis.

Rhododendrons have an individual charm all their own. They are effective both in foliage and flower. It is in partial shady places where they thrive best

Hardy Evergreen Shrubs

These "Broad-leaved Evergreens" are being used more and more each year because they are so desirable and effective in all landscape work. Their heavy leaf masses meet the demand for fresh green foliage to enliven and cheer the bare aspect of deciduous trees and shrubs in winter. But best of all is the magnificent display that most of them make when in bloom, especially the Rhododendrons and Kalmias. Another desirable quality most of them have is such a fondness for shady places that they meet a large demand in beautifying these spots which are usually thought so difficult to adorn. As a rule they transplant easily, are quite hardy, give immediate results and are altogether very satisfactory things to use.

AZALEA. Amonea. A bushy evergreen with small green leaves that deepen to a lustrous coppery color in winter. During May the whole plant is clothed with a mass of brilliant claret-colored flowers that hold their beauty three or four weeks. Fine, large plants, \$1.00; extra large, \$1.50 to \$2.00.

Hinamayo. (New). Flowers bright pink. \$2.00 each.

Hinodegiri. (New). A grand type producing bright red flowers. \$1.50. Extra large, \$2.00.

AZALEA. Deciduous. See Shrubs.

BERBERIS. Illicifolia. (Holly-leaved Barberry). Holly-like, dark lustrous green leaves with orange-yellow flowers. 25

cents each; \$3.50 per dozen. Extra large, 50 cents to 75 cents each.

COTONEASTER. Macrophylla. A low spreading evergreen shrub with leaves resembling those of the Boxwood. Flowers, white in small clusters, followed by bright, red fruit. Large plants, \$1.00; extra large, \$1.50.

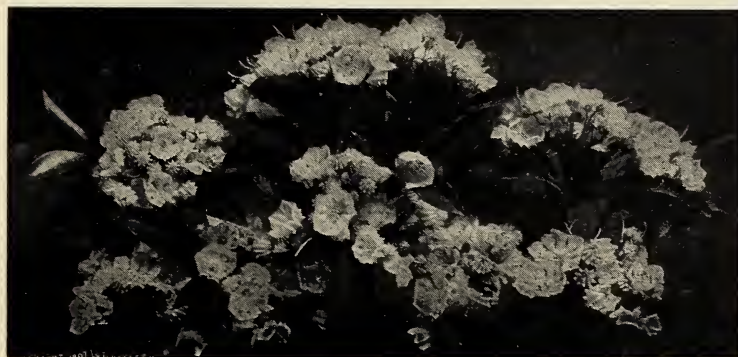

Simonsi. An attractive variety with spreading branches and deep green foliage, clusters of white flowers followed by bright, red berries. Very showy. 50 cents. Extra large, 75 cents.

EUONYMUS. Radicans. See Evergreen Vines on page 28.

KALMIA. Latifolia. (Mountain Laurel). One of the grandest of our native evergreen shrubs. Flowers are wheel-shaped and set in close corymbs on the ends of the stems, pure white to pink, and appear in May or June in such profusion as to almost smother the foliage. Nice plants, \$1.00; \$10.00 per dozen; extra large, \$1.50 each.

MAHONIA. Aquifolia. The richness of the glossy leaves gives this Mahonia great popularity for ornamental planting. Excellent for edging plantings of Rhododendrons or other evergreens. Yellow flowers followed by blue berries for winter decoration. Its upper leaves are bronzed to red in the winter. Nice plants, 35 cents; \$3.50 per dozen. Larger, 50 cents; \$5.00 per dozen. Extra large, 75 cents, \$1.00 and \$1.50 each.

Japonica. (Japanese Mahonia). A variety, next to the holly in beauty of foliage. Leaves broad, yellow flowers followed by dark purple berries. Extra large, \$1.50 to \$2.00 each.

Kalmias (Mountain Laurel)

Group planting of Rhododendron Catawbiense; always plant close, so the foliage will touch.

HARDY EVERGREEN SHRUBS-Continued

RHODODENDRONS. The Rhododendron is the noblest of our evergreen shrubs. Their large, showy flowers are not equaled by any other shrub. They are a native of the Alleghany and Carolina mountains, where they are seen growing in such profusion that they have become world-famed.

Catawbiense. Of compact growth with dark green foliage and masses of pink flowers in great clusters in June. \$1.00; \$10.00 per dozen; larger, \$1.25; \$12.00 per dozen. Specimens, \$1.50; \$16.50 per dozen. Extra large specimens, \$2.00 to \$5.00 each.

Catawbiense Alba. Same as above except the flowers are white. \$1.50 each. Extra large, \$2.00.

Maximum. Taller growing and has larger leaves than Catawbiense. Blossoms are white-tinged pink and appear in large trusses in July, being the latest of all Rhododendrons. Will stand more exposure than any other variety. Extra large specimen plants only. \$3.50 to \$5.00 each.

Parson's Hardy Hybrids. We list only the choicest varieties, those that have proven satisfactory.

Album Elegans. Large flowers; bluish changing to white.

Caractus. Rich, purplish crimson.

Everistanum. Rosy lilac spotted, fringed.

Lady Clermont. Rosy scarlet, deeply blotched.

Roseum Elegans. Purplish rose, fine.

Prices of Parson's Hybrids; Nice heavy plants, \$1.25 each; \$12.50 per dozen. Extra large, \$1.50 each; \$16.00 per dozen. Large specimen plants, \$2.00 to \$2.50 each.

How to Grow Rhododendrons

Rhododendrons and a great many of our native plants grow naturally in shady, damp situations, are surface feeders, and this should be taken into consideration when preparing the place to receive the plants. A northern exposure should be chosen, and where there is shade much of the day. Soil should be dug two feet deep, and adding a mixture of leaf-mould, swamp peat or muck or field sods, also sand. The material should be well mixed or pulverized before planting. During the summer the ground should be mulched with leaves or other material and the plants at all times well supplied with moisture. Well rotted manure may be used for top dressing. In winter the plants should be protected by straw, corn fodder or cedar boughs, particularly where exposed to the sun. Winter sun on the frozen leaves often spoils the foliage of Rhododendrons.

Prices quoted are for good specimen plants of the various varieties. The Rhododendrons are many stemmed clumps. Do not compare them with single stemmed, half-hardy Rhododendrons offered by many. There is no comparison.

Mahonia.

Evergreen Vines

EUONYMUS. Hardy and well adapted for covering walls, rocks or trunks of trees. Also suitable for edging beds, as it can be kept closely clipped the same as box edging.

Radicans. Beautiful bright green foliage. Nice young plants, 15 cents; \$1.50 per dozen; \$10.00 per 100. Larger size, 25 cents; \$2.50 per dozen; \$15.00 per 100.

Radicans Variegata. Variegated green and white foliage. Nice young plants, 15 cents; \$1.50 per dozen; \$10.00 per 100. Larger size, 25 cents; \$2.50 per dozen; \$15.00 per 100. Extra heavy plants, 35 cents; \$3.50 per dozen.

ENGLISH IVY. Dark, glossy green leaves and clings firmly to stone or brick walls. Thrives best in a shady position and is hardy in nearly all localities. Nice young plants, 15 cents; \$1.50 per dozen.

HARDY CLIMBING SWEET PEAS. This is one of the most desirable hardy climbing plants attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences. It is invaluable. It is perfectly hardy and will endure our severest winters. Fine two-year-old plants in assorted colors, white, pink and red, 6 for 75 cents; 12 for \$1.00.

Euonymus Radicans Variegata. A hardy evergreen vine.

Hardy Climbing Vines

Nothing lends such pleasing effect to wall or verandas as the judicious use of vines. The hardy vine is best adapted for covering an unsightly wall or for furnishing shade and ornament to verandas. With the advent of spring the tendrils are given new life and as the season advances they soon become a glorious veil of vernal verdure.

Hardy vines practically take care of themselves after once established and are much more desirable and less trouble than annual or tender varieties.

Without climbing vines many beautiful homes would present a sad and unprotected picture during our hot summers. In addition to their attractiveness they also give the home that exclusiveness that cannot be had in any other way. There are also many of the vines that will be found suitable for many other purposes. The *Ampelopsis* and *Euonymus* are especially adapted for covering stone work, also the English Ivy. The Honeysuckles, in addition to being attractive for the porch, will be found useful for covering wire fences, tree stumps and many other unsightly objects can be made beautiful with these vines. The different varieties we list are all extremely hardy and no one need hesitate in planting them in any locality.

AKEBIA Quinata. Numberless bunches of violet-brown flowers. Nice, thrifty plants, 15 cents; \$1.50 per dozen. Larger size, 25 cents; \$2.50 per dozen. Extra heavy, 35 cents.

AMPELOPSIS Veitchii. (Boston Ivy). The leaves of this beautiful climber change in the fall to the most vivid autumnal tints.

Clematis Paniculata. A most desirable summer blooming vine as well as having good foliage.

SPECIAL OFFER—CLEMATIS—One red, one white, one purple, for \$1.00.

HONEYSUCKLE. Hall's Japan Evergreen. Flowers white, changing to yellow. Foliage almost evergreen. 25 cents; \$2.50 per dozen.

Golden Japan. Foliage mottled yellow and green. Very desirable. 20 cents; \$2.00 per dozen. Extra large, 30 cents; \$3.50 per dozen.

LYCIUM. (Matrimony Vine). Numberless bright red berries in the fall. 20 cents; \$2.00 per dozen. Larger, 25 cents; \$2.50 per dozen. Extra heavy, 50c.

POLYGONUM BALDSCHUANICUM. Every branchlet terminates in a panicle of white, foamy flowers. 35 cents. Extra large, 50 cents.

PERIPLOCA. (Silk Vine). Purple-bronze auxiliary clusters of flowers. 35 cents; extra large, 50 cents.

VITIS Aestivis. Strong tall-climbing vine with large foliage and small black berries. 25 cents. Larger, 35 cents.

WISTARIA. Chinensis. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. Nice plants. 20 cents; \$2.00 per dozen. Larger, 30 cents; \$3.00 per dozen. Extra heavy, 50 cents each.

Alba. Of similar habit to *Chinensis*, with white flowers. 25 cents; \$2.50 per dozen. Larger, 35 cents; \$3.50 per dozen. Extra large, 50 cents.

MultiJuga. Tree Form. Purple flowers. \$1.50 to \$3.00 each.

Ampelopsis Veitchii

Note in illustration how it clings to the stone wall. Will also cling to wood or brick. 15 cents; \$1.50 per dozen; \$10.00 per 100. Larger plants, 25 cents; \$2.50 per dozen; \$15.00 per 100. Extra large, 35 cents; \$3.50 per dozen.

Quinquifolia. (Virginia Creeper or Woodbine). Foliage assumes brilliant shades of yellow crimson and scarlet in the fall. 15 cents; \$1.50 per dozen. Extra large plants, 25 cents; \$2.50 per dozen.

Engelmanni. A very desirable variety similar to *Quinquifolia*, but of somewhat more climbing habit and with smaller, denser foliage. Colors beautifully in the fall. 15 cents; \$1.50 per dozen. Larger, 25 cents; \$2.50 per dozen. Extra heavy, 35 cents; \$3.50 per dozen.

ARISTOLOCHIA Siph. (Dutchman's Pipe Vine). Singular brownish-colored flowers, resembling in shape a pipe. Leaves heart-shaped and very large. Excellent for pergolas and verandas. Large plants, 50 cents; \$5.00 per dozen. Extra large, 75 cents each.

BIGNONIA Grandiflora. (Trumpet Creeper). For covering unsightly places, stumps, rockwork, it will be found very useful. Flowers orange-red color. Large plants, 25 cents; \$2.50 per dozen. Extra large, 25 cents.

Rubra. Red flowers. Very rare. 75 cents each. Extra large, \$1.00.

CELASTRUS Scandens. (Bitter Sweet). Yellow flowers during June, which are followed with bright orange fruit. Large plants, 25 cents; \$2.50 per dozen. Larger, 35 cents.

CLEMATIS Paniculata. One of the finest and most popular vines and may be used wherever a vine is needed. Glossy green foliage and a mass of fragrant flowers in August and September. 25 cents; \$2.50 per dozen. Larger, 35 cents each. Extra large, 50 cents.

Virginiana. (American White Clematis). Small white flowers. Extra large, 25 cents; \$2.50 per dozen.

CLEMATIS. Large Flowered. Nothing can be more satisfactory than vigorous plants of these showy climbers, which are adapted to any situation, either on verandas, trellis or as individual specimen pillar plants in the garden.

Jackmani Superba. Flowers intense violet purple. 35 cents.

Ville de Lyon. Bright carmine flowers. 50 cents.

Integrifolia Durandi. Semi-climbing habit and producing showy indigo blue flowers. 50 cents.

Lawsoniana. Finest light blue variety in cultivation. 50 cents.

M. Koster. Color, distinct crimson red. 40 cents.

Duchess of Edinburgh. Double

pure white. 50 cents.

Mad. le Coultre. A fine, large

single white. 50 cents.

Wistaria Chinensis. Much prized on account of its long clusters of bloom.

Wagner Roses bloom so freely one can have a ready bouquet at all times

ROSES—Glorious Flowers for the Garden

The Rose is a source of interest to all flower lovers and a necessity to every well planned garden. People are beginning to appreciate the value of introducing roses more boldly in with general planting. At the same time the "rose garden" is extending its appeal.

One may use roses profitably anywhere, often in a very restricted space. They have manifold uses as practical climbers, covering ugliness with beauty, clothing bare banks and walls with color and grace. We send out only strong rooted plants, in perfect condition for "taking hold" vigorously in alien soil. Our collection includes varieties adapted to every purpose, house walls, trellises, pergolas, rose groups, etc.

Special skill is brought to the production of choise roses and we place our knowledge at your disposal, being very glad to help you when it is desired, in the selection of varieties and offer information on the subject of successful rose culture in any part of the United States. In this respect Wagner Nurseries are an incomparable resource to the rose lover of intelligence and taste. We always make preparation to have a large quantity of established pot plants for late spring and summer planting.

General Directions for the Culture of Roses

WHEN TO PLANT. This should depend upon conditions of weather in the locality where planting is to be done. Do all your planting as early as soil conditions will allow—as soon as ground can be worked in Spring.

PREPARATION OF THE SOIL. Roses will grow and give good results in any fertile, well drained soil, but they thrive best in a soil consisting of considerable clay. Dig the soil deep and if drainage is imperfect it must be provided for. It is worth while to use care in the preparation of the beds as the general health of the plants, quantity and quality of flowers usually more than repays the extra cost expended on this detail. Stir the soil frequently but not too deep, or the roots will be disturbed.

PRUNING. About the end of October it is well to cut back any long canes of the strong growing sorts. This prevents them from being whipped by the winter winds, which unless staked, would loosen and break the tender feeding roots. The principal pruning, however, should be done in spring before they start growth.

INSECTS. A few applications of a good insecticide will exterminate all insects at the outset, after which very little or no trouble will be experienced. The following preparations are good. Apply to the upper and under surface of the foliage by means of whisk broom or sprayer.

SOAP SOLUTION. Dissolve about one ounce of Ivory or other good soap in one pint of boiling water, adding one and one-half gallons of cold water.

TOBACCO SOLUTION. Made of boiling the leaves or stems of tobacco. The liquid should be made about the strength of weak tea.

BORDEAUX ARSENATE OF LEAD MIXTURE. At the rate of eight ounces to five gallons of water is an excellent solution.

WINTER PROTECTION. Do not cover your plants too soon; a nip of frost will not hurt them, but will help to ripen and mature them. Such material as leaves, hay, straw, or cedar boughs, etc., will afford excellent protection. A few shovels full of earth around each plant will also be of great benefit. In Spring wait until the weather is settled before uncovering.

Tea or Everblooming Roses

Especially Desirable for Southern Gardens.

This class of roses are celebrated the world over for their delicious fragrance and the exquisite forms and rich, charming tints of their flowers. They are the most profuse bloomers of all, producing a mass of beautiful flowers the entire season. They are more tender than any other class and must be protected over winter in the Northern states. Our plants have been grown with special care and our list comprises only the very best varieties.

Apricot. An old time favorite; vigorous and very free flowering, apricot color.

Alliance Franco-Russe. Bright yellow, shading to salmon at the center. 25 cents.

Bride. Popular white rose.

Bridesmaid. Color, rich pink. A most desirable sort.

Frances E. Willard. Color, pure white. The blooms are borne on stiff stems.

Golden Gate. Creamy white, delicately tinged with golden yellow and rose.

Ivory. (The White Golden Gate). The flowers are the purest ivory white.

Maman Cochet. (Pink). A magnificent, clear carmine pink. It is a very strong, vigorous grower, producing buds of large size and of ideal form. One of the grandest outdoor roses.

Maman Cochet. (White). A sport from the grand French variety, Maman Cochet (Pink). Pure white, and of a delicate tea fragrance.

Maman Cochet. (Red). The largest flowering and freest blooming Hybrid Tea Rose in existence, and the most beautiful and satisfactory Rose for general planting ever offered. Color is a rich glowing carmine.

Marie Lambert. (White Hermosa). Color, rich, creamy white, elegantly shaded with soft rosy blush.

Souv. de Pierre Notting. Creamy yellow at base with shadings of apricot and edged with carmine rose.

Sunrise. Dark peachy red, shaded with orange and crimson.

Safrano. Apricot yellow tinged with rose, free flowering and quite hardy.

Prices All above varieties 25 cents, \$2.50 per dozen. All are nice large plants, from which a profusion of blossoms may be had this season.

Hybrid Tea Roses

This class of Roses is a cross between varieties of the Hybrid Perpetual and the Tea Roses. The great advantage claimed for them is that they combine the hardiness of the Hybrid Perpetual with the constant blooming qualities, rich and delicate coloring and delightful fragrance of the Tea Rose. In the Northern states they require some protection.

Kaiserin Augusta Victoria.

Admiral Dewey. Color, delicate pink, shading to pure white.

Anna Marie Soupert. Color, bright lake red.

Burbank. Color, cherry crimson, it is, in other words, the very deepest and brightest pink rose in cultivation.

Champion of the World. Lovely clear deep pink.

Clothilde Soupert. This is the freest blooming of all roses. Very double, pearly white, center pink.

Duchess de Brabant. Shell-pink, a charming color.

Franz Deegan. Outer petals yellow, inner petals orange shade, deep and rich.

General McArthur. Bright red in color, being a vivid crimson scarlet, very vigorous, healthy and hardy.

Gruss an Teplitz. This is the reddest of all Roses and a Rose for everybody. In color it is of the richest scarlet imaginable, shading to a velvety crimson as the flowers mature.

Hermosa. The color is a most pleasing shade of pink.

Helen Gould. Color is a rich, vinous crimson.

J. L. Mock. Double, light red, shaded pink.

Kaiserin Augusta Victoria. This is the finest and largest white Rose for summer blooming. The flowers are pure white and ideal in form.

La France. (White). Large, pearly white flowers, delicately shaded with soft rose.

La France. (Pink). The most popular rose in cultivation. Color, fine peach blossom, elegantly clouded with rosy pink.

Mad. Schwallier. Salmon rose, violet carmine.

Madam Caroline Testout. A brilliant satiny rose, deepening in center to clear red.

Mrs. B. R. Cant. We consider this as one of the best bedders ever offered. Always a profusion of blossoms and of large size and full to the center. The color is a very rich glowing carmine.

Mrs. Aaron Ward. A distinct shade of Indian-yellow, lighter towards the edges.

Mad. Abel Chatenay. Color, rosy carmine, shaded salmon.

Mrs. D. Graw. Bright coral pink; very handsome.

President Carnot. Outer petals white, center delicate flesh pink.

President Taft. Double, sweet scented and of deep pink color.

Rhea Reid. Color vivid scarlet-crimson.

Viscountess Folkestone. Beautiful shade of pale tender flesh with satiny luster.

Wellesley. Color bright clear rose pink, reverse of petals silver rose.

Prices All above varieties 25 cents, \$2.50 per dozen; larger size, 30 cents, \$3.00 per dozen

Everblooming Dwarf Bedding Roses (Baby Ramblers)

A type of rose which is becoming very popular and is used extensively for edging beds of other roses. They are compact, bushy and produce immense trusses of semi-double flowers from spring until frost.

Mme. Levavasseur. In habit of growth and freedom of bloom it is similar to Crimson Rambler, but in color it is a beautiful pink, admired by every one. 30 cents; \$3.00 per dozen.

White Baby Rambler. This is a true white Baby Rambler. Flowers borne in great clusters. 25 cents; \$2.50 per dozen.

Jean D'Arc. A novelty and flowers as freely as its parents. The leaves are small, dark green. Flower trusses very large and in color it is a pure milk white. 30 cents; \$3.50 per dozen.

Crimson Baby Rambler. This variety has the same bright crimson color as the climbing form. Can also be grown in pots with good results. 25 cents; \$2.50 per dozen.

Annie Muller. Called by some Pink Baby Rambler. Color bright pink. 25 cents; \$2.50 per dozen.

The Orleans Rose. Flowers very large and of a beautiful geranium red, shaded clear rose. 35 cents; \$3.50 per dozen.

Madam Taft. A rose of great value, being a cross between Mad. N. Levavasseur and Crimson Rambler. Color dark red and blooms in large clusters. 35 cents; \$3.50 per dozen.

**Baby Rambler
Jean D'Arc.**

Hybrid Perpetual Roses

This class of Roses is very desirable, being perfectly hardy in all localities. They are very vigorous growers and are of robust habit. Flowers of fine form and for gorgeous colors they are unequalled.

The amateur who is not familiar with the various varieties can select any from our list and be certain of getting something worthy of culture.

Anna de Diesbach. Brilliant rose color.

Chas. LeFevre. A grand red rose.

Chestnut Hybrid. A most beautiful deep rose of red.

Conrad F. Meyer. See Rugosa varieties.

Dinsmore. A continuous bloomer of dwarf, compact habit. Flowers are large and deep crimson.

Frau Karl Druschki. The White American Beauty. This is an ideal hardy rose, healthy, vigorous grower, perfect in form, snow white in color, free flowering. 50 cents.

General Jacqueminot. Too well known to require a lengthy description. A rich, crimson scarlet. 35 cents; \$3.50 per dozen.

Gloire de L'Exposition Bruxelles. Color, a bright crimson of velvety texture. **J. B. Clark.** Color, deep scarlet shaded blackish-crimson, with a rich bloom like a plum.

La Reine. A beautiful, clear bright rose.

Louis Van Houtte. A rich crimson, heavily shaded with maroon.

Madame Masson. An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. 35 cents; \$3.50 per dozen.

Magna Charta. The color is beautiful, bright pink suffused with carmine. 35 cents each; \$3.50 per dozen.

Paul Neyron. Color, deep, clear rose, very fresh and attractive. 40 cents.

Vick's Caprice. A fine striped rose of remarkable beauty. Color, deep clear pink, with wide stripes of pure white, very attractive. 30 cents.

Price All above varieties except where noted are 30 cents; \$3.00 per dozen.

Moss Roses

The Moss Roses are absolutely hardy and much admired on account of their bright, healthy foliage. They are also desirable for bedding.

Blanche Moreau. Pure white. A fine variety. 40 cts.; \$4.00 per dozen.

Henri Martin. Rich, glossy pink tinged with crimson. 40 cents; \$4.00 per dozen.

Rugosa Roses

Rugosa Roses seem just suitable to our northern climate, as they are so hardy. Their dark, rich foliage is very ornamental. Excellent for planting on the lawn among shrubbery and in hardy borders.

New Century. A magnificent rose, flowers large and perfectly double. Color, flesh pink with bright red center, petals bordered creamy white.

Rugosa Rubra. Another from Japan. Flowers bright rosy crimson and single, succeeded by large berries of rich, rosy red.

Sir Thomas Lipton. We consider it, without exception, the best double white rose in its class; beautiful in foliage, early and constant in bloom.

Price Rugosa Roses, all varieties, 25 cents each, \$2.50 per dozen; larger, 35 cents each, \$3.50 per dozen.

Miscellaneous Roses

Rosa Setigera. The Prairie Rose. It is of rapid growth, with large, clean foliage. The single flowers of deep rose are produced in many masses throughout late June and July. Fine for the shrubbery border. 25 cents; larger 35 cents; \$3.50 per dozen.

Rosa Multiflora. Produces countless numbers of creamy-white fragrant flowers for a period of about six weeks and are succeeded by brilliant red berries; good and hardy. 25 cents; larger, 35 cents; \$3.50 per dozen.

**Hybrid Perpetual Roses Are Produced on Good Long
Stems.**

Hardy Climbing Roses

Our Stock of these Hardy Gems of Beauty is Complete

VERY FEW VINES give such an abundance of blossoms as the Climbing Rose. Nor is there anything in cultivation more beautiful and attractive. If you want a thing of beauty, surround your house, veranda, pergola, screens and fences with our extra large field grown Climbing Roses. The stock we offer here is exceptionally fine and is sure to give entire satisfaction. They are hardy and require no special care and attention after once established.

Baltimore Belle. Very double, bluish-white in large clusters. 25 cents. Extra large, 35 cents.

Crimson Rambler. The most popular Climbing Rose; clusters of the brightest crimson, semi-double flowers. 30 cents. Extra large, 50 cents.

Dorothy Perkins. Color clear shell-pink. 30 cents. Extra large, 50 cents.

Empress of China. Delicate, bright pink flowers, very free flowering. 25 cents.

Lily Ito. A dainty foliaged climber. Flowers pale bluish. 25 cents.

Lady Gay. A seedling of Crimson Rambler. Flowers a delicate cherry-pink, fading to a soft tinted white. 30 cents. Extra large 40 cents.

Manda's Triumph (Wichuraiana). Large clusters of double, pure white flowers. 25 cents; extra large, 35c.

Miss G. Mesman (Climbing Baby Rambler) A grand acquisition to the list of Climbers. Clusters of bright carmine flowers. 35 cts.; larger, 50 cents.

Philadelphia Rambler. This rose is identical in all respects with the Crimson Rambler, except in color which is deeper and more intense crimson. 30 cents. Extra large, 50 cents.

Climbing Roses may be used with good effect for verandas, Pergolas, Arbors, Fences, etc., also for covering rough grounds.

Pink Rambler. This rose is as charming as any of its rivals. 30 cts.
Prairie Queen. A bright, rosy red, large, compact and globular flower. 35 cents.

Queen Alexandra. Color beautiful, deep pink, creamy white center. 25 cents. Extra large, 50 cents.

Russell's Cottage. Dark, velvety crimson; very double and full; profuse bloomer. 25 cents. Extra large, 50 cts.

Tausendschon. This beautiful variety surpasses other climbers concerning growth, foliage and beauty of bloom. Nearly thornless and color is beautiful pink, changing to a rosy carmine. 35 cents. Extra large, 50 cents.

New Rose Veilchenblau (Blue Climbing Rose). It has always been the florist's ideal to cultivate a blue rose and we are now in a position to offer such a variety. It has glossy green foliage, a strong grower and producing steel blue flowers. 30 cents. Extra large plants, 50 cents.

Weigand's Crimson Rambler. More branching than crimson Rambler. Crimson flowers. 30 cents. Extra large, 50 cents.

White Rambler. Clusters of white flowers. 25 cents. Extra large, 35 cts.

Yellow Rambler. Clusters of yellow flowers. 25 cents. Extra large, 35c.

Prices All above varieties listed at 25 cents are \$2.50 per dozen; at 30 cents are \$3.00 per dozen; at 35 cents are \$3.50 per dozen; at 40 cents are \$4.00 per dozen; at 50 cents are \$5.00 per dozen.

Tender Everblooming Climbing Roses

This is a most desirable class to plant in the southern states. They may be planted in states where they can be protected. They bloom as freely as the Tea Rose and are very rapid growers.

Climbing Cecil Brunner. Rich, rosy pink. A fine variety.

Climbing Clothilde Soupert. White flowers shaded with pink.

Climbing Kaiserin. Beautiful white flowers. One of the best.

Climbing Malmaison. Creamy flesh, rose center.

Climbing Meteor. The brightest colored of all red climbing roses.

LaMarque. Pale yellow.

Mary Washington. Pure white flowers, blooms all summer.

Marechal Neil. The finest, bright golden yellow.

Reine Marie Henriette. A rampant climber; color, bright red.

William Allen Richardson. Copper yellow, flushed with carmine.

Prices All tender Climbing Roses listed above are 30 cents each; \$3.00 per dozen. All are nice large plants.

Four Choice Tree Roses

Tree roses are very showy and effective when planted in the center of beds of other roses. We have found these varieties to be of real merit and offer them at very low prices for good stock.

Conrad F. Meyer. Color, rich, peachy yellow, delicately tinged with silver rose. Price, 75 cents each.

Crimson Baby Rambler. The continuous bloom and perfect hardiness has made it very popular. Price, 75 cents each.

Gruss an Teplitz. One of the reddest of roses, fragrant and free blooming, very fine. Price, 75 cents each.

Magna Charta. A great favorite among roses. Color, a beautiful bright pink, suffused with carmine. Price, 75 cents each.

SPECIAL OFFER: One each of the four varieties, \$2.50.

Tree Rose

Dahlias

SHOW, DECORATIVE, CACTUS, AND POMPON VARIETIES.

Within the last few years a wonderful revival of interest in the Dahlias is noted which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to anyone wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early, however, they can be planted very late with good results.

We ship tubers early in the season or as long as they last, when exhausted we send well sorted pot plants from which good results and blossoms are obtained the same season.

ARABELLA. (Show Dahlia). A profuse flowering variety. Color, pale primrose, tipped and shaded old rose and lavender. 10 cents; \$1.00 per dozen.

COUNTESS OF LONSDALE. (Cactus Dahlia). The freest-flowering Cactus Dahlia. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine pink. The finest variety in the entire list. 20 cents; \$2.00 per dozen.

CLIFFORD W. BRUTON. (Decorative Dahlia). Immense size, perfect form, and of the finest canary yellow. Free bloomer. 15 cents; \$1.50 per dozen.

EARL OF PEMBROKE. (Cactus Dahlia). Bright plum, deeper and more velvety toward the center. 15 cents; \$1.50 per dozen.

JOHN H. ROACH. (Cactus Dahlia). A fine, light yellow. 15 cents; \$1.50 per dozen.

MARY D. HALLECK. (Show Dahlia). Color, a beautiful, golden brown. The flowers are produced on long stem. 20 cents; \$2.00 per dozen.

PENELOPE. (Show Dahlia). White flaked lavender. The fine form of the flower always attracts attention. 15 cents; \$1.50 per dozen.

SNOWCLAD. (Pompon Dahlia). Flowers snowy white. A dwarf grower. 10 cents; \$1.00 per dozen.

SNOWFLAKE. (Show Dahlia). The flowers are snow white, of perfect form and full to the center. As a cut flower it is the ideal variety. 20 cents; \$2.00 per dozen.

Dahlia Blossoms are excellent Cut Flowers.

ZULU. (Decorative). In flowers, as well as anything else, the curious always attracts our attention. Zulu is distinct in that it is the darkest Dahlia we have ever seen. 10 cents; \$1.00 per dozen; \$5.00 per 100.

TWENTIETH CENTURY. (Single Dahlia). The most exquisite Dahlia ever introduced. No orchid could be more delicate in color or yet richer in shading. It is purest white at the tips and gradually shading toward the center of the petal to delicate blush rose, and finally bursting into a flame of brilliant violet-crimson. Not variegated, but a wonderful blending of colors. 20 cents; \$2.00 per dozen.

Other Choice Bedding and Pot Plants

Geraniums

The following collection of Geraniums has been carefully selected as the very best for bedding or growing in pots. All have been thoroughly tested by us and we can recommend every one sure to give satisfaction.

JEAN VIAUD. Color, a beautiful shade of bright pink which does not fade in the hottest weather. Strong growth and large foliage. 15 cents each.

LA FAVORITE. Trusses very large and of the purest snowy-white even when grown in the open ground. 10 cents; \$1.00 per dozen.

MAD SOLLERL. Very fine for bordering. A thrifty, healthy grower, rarely reaching a height of more than 6 inches. Leaves very small of a peculiar green, edged with pure white. 10 cents; 75 cents per dozen.

S. A. NUTT. Rich, dark crimson. The flowers are of the most perfect shape and large size. The trusses are massive and produced in great number. Close, compact habit. 10 cents; \$1.00 per dozen.

LA FRANCE. A fine, dwarf white, having very large trusses. 10 cents; \$1.00 per dozen.

BRUANT. An old favorite, and still one of the best and most brilliant scarlet varieties. Blooms in good sized trusses and is in bloom continually, while the plant is vigorous and strong in growth. 10 cents; \$1.00 per dozen.

LE MINISTER. A strong growing and very free blooming. The flowers are purplish rose, very attractive. 10 cents; \$1.00 per dozen.

MRS. E. G. HILL. Flowers are large and perfect in form, bright salmon, with a light shading at center. One of the freest bloomers, continually covered with large trusses of its beautiful, single flowers. 15 cents each.

Hydrangeas

OTAKSA. These are exceedingly showy and effective, particularly when grown as large specimens in tubs for the decoration of lawns in the summer time. They are exceedingly ornamental, producing splendid effects, the plants being covered with a solid mass of their large, showy heads of bloom, which remain beautiful for months. They can be wintered in any cool cellar with little or no trouble, and the plants increase in beauty from year to year. While they are principally grown in pots or tubs, they can also be planted in open ground. They are hardy except in the Northern States. Nice, strong young plants, 25 cents; \$2.50 per dozen; larger size 50 cents; \$5.00 per dozen. Specimen plants, \$3.00 each.

COLEUS are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds. Brilliant red, 10 cents each; 75 cents per dozen; \$4.00 per hundred.

AGAVE. (Century Plant). Has large tropical-like foliage of silvery green color. Nice plants, 75 cents to \$1.50 each.

VINCA MAJOR. A grand variegated leaf vine, useful for hanging baskets, vases, etc. 10 cents each; \$1.00 per dozen. Large size, 15 cents; \$1.50 per dozen.

Our Special Collection of House Plants (See List of Varieties Below)

Decorative Plants for House and Veranda

Palms

ARECA LUTESCENS. Considered by florists to be one of the most decorative plants. Withstands much rough handling and always graceful and artistic with gloss, green leaves and golden stems. 25 cents; larger, 35 cents. Extra size, 50 cents to \$1.00.

KENTIA BELMOREANA. The most popular palm grown. Hardy and rugged. Under all kinds of treatment it grows sturdily on, throwing up a new leaf with most satisfactory regularity. Beautifully curved and relaxed leaves, deep green foliage. 35 cents; larger, 50 cents. Extra size, 75 cents to \$1.50.

PHOENIX RECLINATA. A splendid plant for the house or for outdoors; withstands whipping by summer storms without marring its foliage. 75 cents; larger size, \$1.00 to \$1.50.

PHOENIX CANARIENSIS. A fine decorative palm. One of the finest vase plants, particularly for outdoor decoration. It is of very robust habit and is very easily grown. Phoenix Canariensis is very effective when planted in earthen vases, and in this way is particularly ornamental for decorating court yards, verandas, etc. 50 cents. Larger size, 75 cents to \$1.50.

PHOENIX ROEBELINI. One of the finest of all decorative plants. It has most beautiful, graceful foliage, and vigorous growth. Its graceful, recurving leaves, with very narrow, dark green pinnae, give it a lightness and airiness not surpassed by any other variety. Large, heavy plants, \$2.00 to \$2.50 each.

Special Offer on House Plants—8 Plants for \$1.00

Nothing makes the home more cheerful and pleasant than growing plants. This collection is a most desirable one for house culture and every home should have a little space to devote to growing plants.

The plants we offer are all nice and thrifty and in good growing condition. The Varieties are as follows:

1 Areca Palm, worth.....\$0.25	1 Pieroni Fern, worth.....\$0.15	1 Asparagus Plumosus, worth.....\$0.15
1 Boston Fern, worth.....\$0.15	1 Small Fern, worth.....\$0.15	1 Carax Japonica, worth.....\$0.15
1 Kentia Palm, worth.....\$0.35	1 Asparagus Sprengeri, worth.....\$0.15	

Special Price for the eight plants, \$1.00.

SPECIAL NOTE. We offer the same Eight Varieties above named in larger size plants for \$2.00.

Ferns

Nothing can equal these beautiful decorative plants for gracefulness and beauty of foliage. We do not list all varieties but offer only those that have proven to give entire satisfaction and worthy of culture.

NEPHROLEPIS BOSTONIENSIS. (Boston Fern). One of the most popular of all decorative plants. The leaves are long and slender, drooping gracefully, making very elegant specimen plants. We know of no better all around decorative plant for all purposes. Nice young plants, 15 cents; larger, 25 cents.

NEPHROLEPIS PIERSONI. (Ostrich Fern). This is by far the most important and remarkable new fern that has ever been sent out. Feathery, plume-like fronds, which resemble the graceful ostrich plume. Nice young plants, 15 cents. Larger, 25 cents.

ASPARAGUS Plumosus. A beautiful plant with bright green, gracefully arched foliage. Nice plants, 10 cents; larger, 15 cents. Heavy bushy plants, 25 cents.

ASPARAGUS Sprengeri. Perhaps the best known plant introduced in years. Especially useful to grow as a pot plant for decorative purposes or for planting in ferneries or suspended baskets. It grows freely the whole year round; as it withstands dry atmosphere it makes an excellent house plant. Nice plants, 10 cents; larger size, 15 cents. Heavy bushy plants, 25 cents.

SELAGINELLA. Emmelliana. Forms close, dense bunches and tufts of the most beautiful growths. It is a quick grower, and very beautiful. Nice young plants, 10 cents; larger plants, 15 cents.

CARAX. Japonica Variegata. An ornamental Japanese grass which is extremely useful as a house plant. 15 cents.

Trained Specimen Trees

To meet the increasing demand for trained specimen trees for verandas, entrances, courts and formal garden we always have on hand a large stock of these trees in the different varieties, shapes and sizes. For decorative purposes these stately evergreen trees cannot be excelled. Nothing can approach them as effective plants for decorating entrances, halls or piazzas. For Italian gardens or inclosed court they are largely used, and always in keeping with such surroundings.

Box Trees

No evergreen has ever attained the popularity of these beautiful little trees. Much of this is because of their distinctive character from any other evergreen. Their suitability to so many places as decorative plants, and the small amount of care they require to grow them, make them very desirable for the home grounds. They are long-lived, hardy, and will stand frost and cold; but in the extreme north they need protection over winter or moved indoors. They are useful for grouping, planting against house foundations, for formal or colonial gardens, terraces and porches.

Our stock of these plants is very complete in these various size, and are all nice specimens. They are all well supplied with large balls of fibrous roots, which when shipped are wrapped in burlap guaranteeing their safe arrival to any point in the United States or Canada. When planted in a mission plant box or colonial kettle they are carefully crated to protect them from any injury.

Boxwood

Pyramidal Form

These are all trimmed pyramidal shape and are excellent for entrances, halls, piazzas, or anywhere on the lawn.

For styles and prices of Plant Boxes see Special Circular of Garden Furniture.

Bush Box Planted in Wagner Plant Box No. 2.

A Very Attractive Arrangement of Box and Bay Trees.

Bay Trees

The leaves of the Bay Tree are of a beautiful olive green, sweet scented and on this account are highly prized. In southern states they are hardy. They will stand only light frosts. Nice trees, 22- to 24-inch crown, 26- to 30-inch stem, planted in tubs, \$6.00 each; planted in Mission Plant Box, \$8.50 each; larger sizes, with crowns 24 to 36 inches in diameter and stems 36 to 40 inches in height, planted in tubs, \$7.00 to \$15.00 each; planted in Mission Boxes, \$10.00 to \$20.00 each. Prices vary according to size.

Frankfort, Ky.
Dear Sirs:—I wish to thank you for these beautiful plants, for they are really "beautiful" and I appreciate very much your selection. They arrived in good condition.

Yours truly, Mr. C. F. S.

Why not have attractive Window Boxes the entire year?

Blooming Plants Combined with Evergreens for Summer Effects; Evergreens may remain for Winter's Decoration. Entire Year's Effect from one Planting.

Window and Veranda Boxes are becoming more popular each year both for summer and winter effects and while during past seasons it was necessary to make two plantings to obtain effects the year round, it is now possible by our method to obtain effects the entire year from only one planting.

We fill our Boxes with evergreen plants, the all-desired effects every one wants and add sufficient number of blooming plants to give a grand display of color and blossoms from early spring until frost, after which time the evergreens will continue to lend forth their grace and beauty for the winter months. We list below the most desirable sizes and from this assortment of sizes one can arrange them to suit any size space. We ship them planted complete and furnish fasteners for each box. Dimensions are outside measurements. For particulars regarding the boxes see special circular of garden furniture.

MISSION STYLE BOX—PLANTED.

	Each
24-in. veranda or window box planted with assorted evergreens and blooming plants.....	\$ 5.00
30-inch veranda or window box planted with assorted evergreens and blooming plants.....	6.00

Mission Veranda or Window Box Filled with Evergreens and Blooming Plants

Collections of Plants for Verandas and Foundations—Borders etc.

Inexpensive collections of shrubs suitable for veranda and foundation plantings. Beautiful effects even with our \$2.50 collection.

For the convenience of those who do not have the knowledge, or have not the time to study the catalogue and select plants that will give good and effective results, we have arranged the following assortments, which are suitable for planting against veranda and house foundations or for general grouping. With these various assortments you will find some to meet your particular needs and give the same results as illustrated on this page. Nothing makes the home more beautiful and suggests cheerfulness, peace and rest than a mass of shrubbery planted about the house, bordering the fences or screening out objectionable views. We use in these assortments only desirable varieties, such that we know will give satisfaction. Prices of assortments are extremely low and selection of varieties must be left to us.

Assortment No. V-A—10 Nice thrifty Hardy Shrubs, \$2.50. Extra large plants for immediate effect, \$5.00.

Assortment No. V-B—20 Nice thrifty Hardy Shrubs, \$4.50. Extra large plants for immediate effect, \$9.00.

Assortment No. V-C—25 Nice thrifty Hardy Shrubs, \$5.25. Extra large plants for immediate effect, \$10.00.

Assortment No. V-D—50 Nice thrifty Hardy Shrubs, \$10.00. Extra large plants for immediate effect, \$20.00.

Assortment No. V-E—100 Nice thrifty Hardy Shrubs, \$18.00. Extra large plants for immediate effect, \$35.00.

The illustration shows how easy it is to have attractive surroundings at the entrance to your home by simply planting a row or two of shrubs at the foundation of the veranda or house. Notice the picturesqueness and character these add to the appearance of the house and how much more attractive they are than if the same space would be planted with tender flowers which would be an annual expense and trouble to plant every year.

Wagner's Hardy Borders are Perennial Pleasures

Wagner Hardy Borders are made up of the handsomest and hardiest of Perennials and Herbaceous Plants already arranged for setting out with a view to securing the finest effect in the space at command and the longest period of harmonious bloom.

Varieties in every Wagner Border are labeled, numbered and packed in proper order for planting. You can make a perfect picture of your place with one of these artistic color schemes. And REMEMBER!—once established, a Wagner Hardy Border needs little care for years.

These collections are suitable for borders along fences, screens, boundary lines, walks and formal gardens.

Assortment No. B-1—For bed 4x10 feet, consisting of 15 thrifty Hardy plants, \$2.25; extra large plants, \$3.75.

Assortment No. B-2—For bed 4x20 feet, consisting of 30 thrifty Hardy plants, \$4.50; extra large plants, \$7.50.

Assortment No. B-3—For bed 5x10 feet, consisting of 20 thrifty Hardy plants, \$3.00; extra large plants, \$5.00.

Assortment No. B-4—For bed 5x20 feet, consisting of 40 thrifty Hardy plants, \$6.00; extra large plants, \$10.00.

We always ship proportionate quantities of tall, medium and dwarf varieties in filling orders for these collections and label the plants so anyone can properly arrange them that the most artistic effects are obtained.

Don't miss the joy of a Wagner Hardy Border. A brilliant succession of bloom from spring to fall. Handsomest and hardiest of the prime old favorites combined by an expert artist-gardener for the best effect of color and contour.

WAGNER LANDSCAPE SERVICE

We will make your garden bloom from springtime until frost. Let us advise you as to how you can secure the utmost beauty and delight from your garden. We offer the advice and service of our landscape architects and gardeners to assist you in making your surroundings more beautiful.

A plan for laying out grounds properly is as necessary as a plan for building a house. A mistake made in the beginning often costs many times the small expense of a plan or having a landscape architect view the grounds, to say nothing about the annoyance and delay in securing the desired effect. Wagner plans and planting have been utilized in every state in the Union and in many foreign countries. We are prepared to submit ideas for gardens in any climate and any soil.

On the following terms we will make a sketch showing how to lay out and plant your grounds in an artistic and attractive way. Send us a rough sketch of your grounds, showing location of buildings, walks, drives, if any, trees and shrubbery or any other permanent things already established and that are not to be removed. Also location of all the entrances to lot and buildings, any objectionable or desirable views from the residence, and grades of any importance. Photographs will also be of assistance if convenient to send. The sketch need not be drawn to scale, but should give the width and depth of the lot, and other principal dimensions.

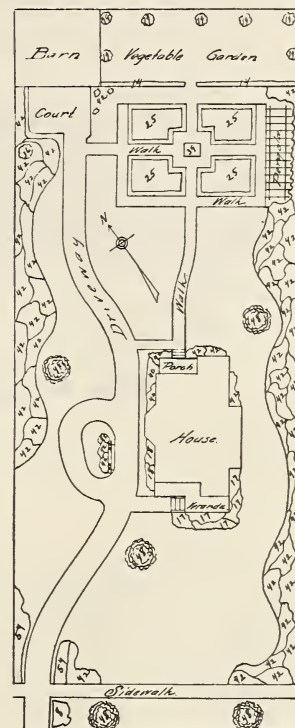

When the sketch is sent us remit one dollar (\$1.00), for which we will at once send a coupon for the amount, and this coupon will be accepted by us as part payment on an order amounting to \$5.00 or more. We wish to impress upon the minds of our customers that this is not a scheme of any kind by which we are receiving pay for the sketch, but it is only as a safeguard against some curious persons that would impose upon us and ask for plans with little or no intention of making use of them. These plans we furnish are not stock plans; but you will receive a plan made specially for your own grounds. The planting arrangement is worked out by our Landscape Architects to meet the requirements of your place.

We make plans for the surrounding of the humblest little cottage as well as the extensive and elaborate estate, public parks, factory grounds, schools, universities, sanitariums, etc. We furnish plans by mail, or, when desired, we send a landscape gardener to do the work or instruct you how to do it. Our terms for this class of work are always very reasonable.

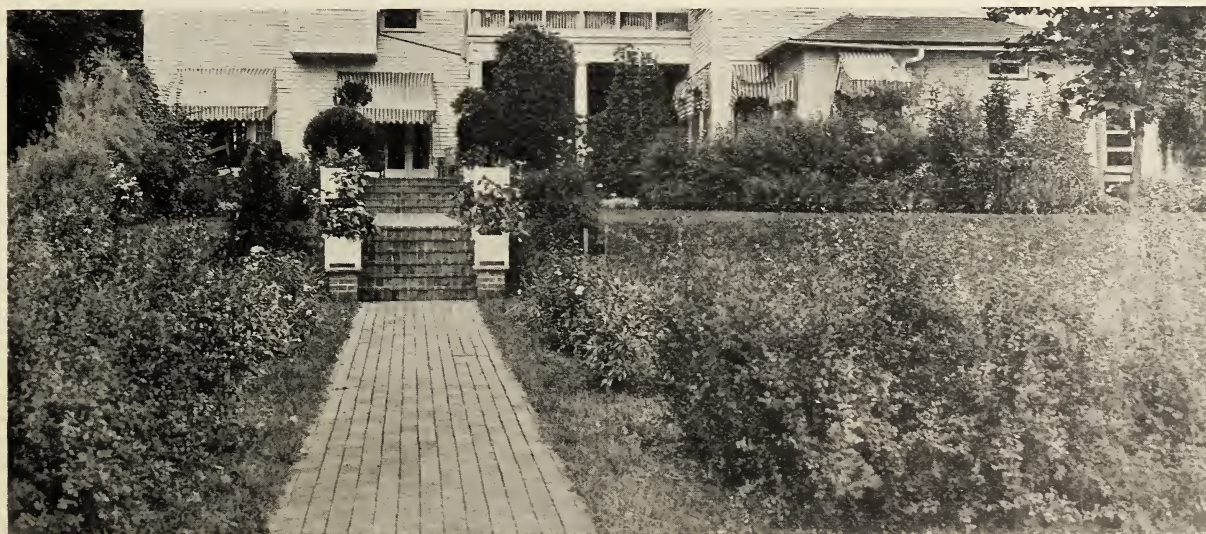

The above arrangement applies principally to home grounds of moderate size and not to extensive or elaborate grounds where a large amount of work is involved. We are prepared, also, to do this class of work and solicit correspondence from parties desiring such work.

We Design and Plant Large Public and Private Grounds of all Kinds.

Planting and furnishing stock for parks, factory grounds, schools, universities, sanitariums and hotel grounds is one of our specialties and we are prepared to plan and advise how and what to plant to produce the best results with the least amount of labor and expenditure.

Reproduced Illustration of One of Our Plans.

This Illustration Shows how Attractive Grounds May Be Made by Artistic Arrangement and Proper Planting. The Results of Wagner Service and Nursery Stock.

USE THIS SHEET FOR MAKING YOUR SKETCH WHEN SENDING FOR PLAN
For Terms and Other Information Regarding Plans, See Page 39.

NOTE—The sketch need not be drawn to scale but should give the principal dimensions, direction the house faces; North, East, South or West, and the location of entrances and dimensions of buildings, also location of walks, drives, if any, trees and shrubbery, or other permanent things established that are not to be removed. Also location of all the entrances to lot and buildings, any objectionable views to be retained, and terraces, or grades of any importance. Unless we have this information it will be impossible to prepare a plan that will be practical.

PLEASE DO NOT OVERLOOK ANSWERING QUESTIONS ON THE OTHER SIDE OF THIS SHEET.

GARDEN FURNITURE

We Here List Some Very Desirable Articles for the House, Veranda, Lawn and Garden

The Pergola Gives the Finish Touch to the Architectural and Landscape Feature. Our Landscape Artists Planned and Planted These Grounds.

The Pergola

The possibilities of the Pergola are not limited to areas of considerable extent, (large estates, parks, and public grounds) but may be used for the beautifying of the more limited spaces, even on the small city lot, as it gives character and completeness to any lawn or garden, whether large or small. The growing popularity of the flower garden has aroused interest in every feature that will add attractiveness, and the Pergola, forming an admirable covering for walk, or can be used elsewhere on the lawn, accounts for its popularity.

We use almost exclusively the "Solid-Bored" columns in the construction of our Pergolas. These solid-bored columns are made from the solid stick of the best and most lasting wood—"Blue Ash"—and have a three-inch hole bored through the center to prevent cracking or splitting. Again the solid-bored columns are much cheaper than the staved columns and in our estimation possess equal lasting qualities.

Where desired we supply the "Stay-Locked" steel sewed column, which we consider the best of the staved columns. Many staved columns are a failure, as the glued joints open up after exposed to the weather for a short time and any column depending on glue alone to hold it together is not reliable. Our staved columns have double-V moisture proof joints with cold rolled steel staples every few inches, resisting enormous tension and will not permit the joint to open.

PRICES OF PERGOLAS

Prices given here are for 10-inch and 12-inch columns. Measurements are from center to center of columns. Standard width is eight feet. We list the most desirable sizes, but can supply Pergolas for any location or setting.

A Wagner Pergola on a City Lot

Solid-Bored Columns

Size of Pergola	10-in. Column	12-in. Column
Pergola 8 feet long	\$ 37 00	\$ 43 00
" 16 "	60 00	69 00
" 24 "	80 00	92 00
" 32 "	102 00	117 00
" 40 "	124 00	142 00
" 48 "	144 00	165 00

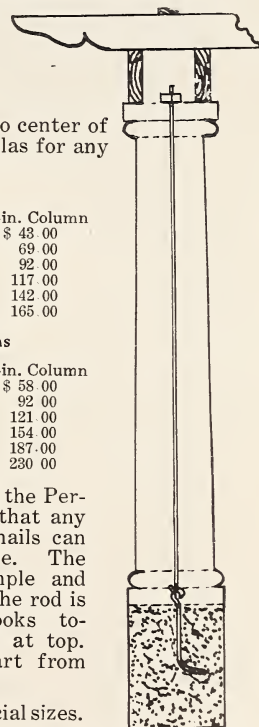

Stay-Locked Staved Columns

Size of Pergola	10-in. Column	12-in. Column
Pergola 8 feet long	\$ 46 00	\$ 58 00
" 16 "	74 00	92 00
" 24 "	97 00	121 00
" 32 "	124 00	154 00
" 40 "	151 00	187 00
" 48 "	188 00	230 00

Instructions for setting up the Pergola accompany each order, so that any one handy with hammer and nails can erect same in a very short time. The illustration here shows how simple and easy the columns are set up. The rod is imbedded in concrete and hooks together, with nut for fastening at top. Columns are set eight feet apart from center to center.

Special prices on larger or special sizes.

The prices given above include the material for Pergolas complete, also rods for fastening the columns to concrete base. All wood materials are of best grade and given one coat of lead and oil, ready to set in place.

Wagner Lawn Seat

LAWN SEATS

Our Lawn Seats are very handsome in design, and our efforts directed to turning out seats that are thoroughly well made and durable. No matter how small or large the space—in the flower garden, on the veranda, on the lawn or elsewhere—a lawn seat will be found very useful. We finish all of these seats in white, this being the most desirable color. We give them several coats of the best white paint, making them as attractive and effective as any marble seat. We use only the best heartwood Cypress, which gives them a lasting quality.

PRICES OF LAWN SEATS

Made like cut; 4 ft. long, 14 in. wide; \$8.00 each; \$15.00 per pair Made like cut; 5 ft. long, 16 in. wide; \$12.00 each; \$23.00 per pair

"Amidst ye flowers, I tell ye hours."

SUN DIALS

It is strange that the sun dial should have been so generally neglected, as our patriotism should have made us cherish it as an emblem closely connected with the early material of prosperity. You may refuse to turn the hour glass and thus deceive yourself that time flies not; but you cannot check the sun's shadow.

The pointing of the hand of the dial gives to it a semi-human appearance; the simple words of the milestone make us ever interested in it. It is a creature ing so perfectly satisfying, so absolute. It

of equal sentiment and sense, which is proved by its be-fulfills its duty, and tells its story to perfection.

In setting the dial it must be placed so that the center of the noon mark is pointing to the true-north, with the style or gnomon perpendicular, inclining neither to the right nor left.

The illustration to the right shows how simple it is to set up one of our Sun Dials. The base to be made of concrete with rod imbedded in it as shown. Set column over this rod and screw down nut over washer at top, which holds the column perfectly solid. The dial is placed over the opening where nut is fastened.

We furnish everything except the concrete for base, which is made from cement and gravel or coarse sand, which can be secured anywhere.

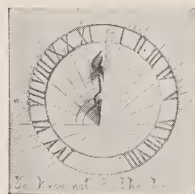

The columns are given several coats of the best white paint and are carefully wrapped and crated to prevent damage in shipping. Rods are sent with each column for fastening.

Column No. 1

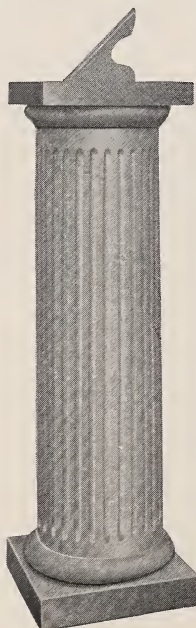

Dial No. 3

Dial No. 5

Height of column, including cap and base, 42 inches. All columns are 10 inches in diameter.

PLANT BOXES

WE CALL particular attention to our Plant Boxes. They are the most durable and artistic Plant Boxes in the market. Plain and simple in design, yet very strong and lasting. They are very attractive and up-to-date in style, and such plants as Box Trees or Bay Trees, Palms and other plants have a very fine effect in them. We use heartwood Cypress exclusively, of which wood can be said, "Cypress is indeed the wood eternal." It lasts forever. Cypress does not shrink or swell like most woods, takes paint perfectly and defies decay.

The uses of the boxes are many. In large conservatories they are useful for palms, ferns and other plants. On the lawn or in the corridors, on verandas and steps they are excellent; not easily blown over like pots, while the additional soil space is a great advantage. Being square the boxes hold more soil than the round tubs. The legs keep the boxes from contact with the soil or floor and insure a circulation of air underneath. They are in short "excellent boxes in every way and can be strongly recommended for outdoor or indoor use." The variety of styles should include at least one that meets your special taste and needs.

All our boxes are finished in Flemish green, which harmonizes well with all surroundings. In formal gardens it is sometimes desirable to have them painted white, and if wanted in white we charge 15 cents extra for all sizes except boxes larger than 18x18 and window boxes larger than 36 inches, for which our charge is 25 cents extra. Measurements of all boxes are outside and inside dimensions.

Colonial Plant Kettle

COLONIAL PLANT KETTLES

AFTER serviceableness the first essential in the construction of a receptacle for large plants is durability. The Colonial Plant Kettle unquestionably possesses this feature; being made of cast iron gives it a lasting value. They are our own introduction, and we are the sole manufacturers of them. No attempt has been made to decorate with scrolls or ornaments, but instead simplicity of design has been carried out in keeping with the growing popularity of the Colonial Style. Although simple in design, they are artistic, and suitable for indoor use as well as for the veranda and lawn. The classic wrought iron rings at either side serve well the purpose of handles. Holes are drilled in the bottom to provide drainage. They are finished with dead black japan, giving them the appearance of the many artistic things that are made in wrought iron.

No. 5— " " " " " " " " " " " "	13.60

Price of any vase without handles, \$1.00 less

All vases are painted white. All the above vases are provided with reservoirs with 1 $\frac{1}{2}$ gallon capacity, which will keep the soil moist from one to two weeks.

THE WAGNER PARK NURSERY COMPANY
SIDNEY, OHIO, U. S. A.

WAGNER'S LAWN GRASS SEED

How to Make a Lawn

All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The preparation of the ground is an important feature and the best soil is a medium texture, neither very heavy nor exceedingly light; the surface should be thoroughly pulverized and level. Remove all stones, sticks, sods, etc., harrow or rake it fine and roll it firm. It is impossible to get the soil too fine to receive the seed. Sow the best seed obtainable; it is always cheapest in the end; use quantity as indicated by table given below. It is best to sow seed liberally, not only so as to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses which should take entire possession of the ground at once, thus choking out and preventing the development of any weed seeds, which are apt to be in all soils. Distribute seed evenly, going both ways across the plot. After sowing, cover the seed by raking lightly; then roll.

When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp, as if dull it will pull and injure the grass, besides causing the lawn to have an uneven appearance. Never allow the grass to become so high that the mower will take off the first joint, as this is an injury. Mow as often as necessary; in growing weather at least once a week. Let the short clippings remain on the lawn, as they wither and dry and form a protection to the roots. When the clippings are long, they should be raked off, for, besides being unsightly, they are also injurious. When weather is dry and hot, avoid cutting too close.

A Well-kept Lawn Makes the Home Grounds Beautiful

Quantity of Lawn Grass Seed Usually Required in Making a New Lawn.

10x25 feet requires.....	1 pound	40x 60 feet requires.....	10 pounds
25x50 feet requires.....	5 pounds	50x100 feet requires.....	16 pounds
40x50 feet requires.....	8 pounds	50x150 feet requires.....	24 pounds

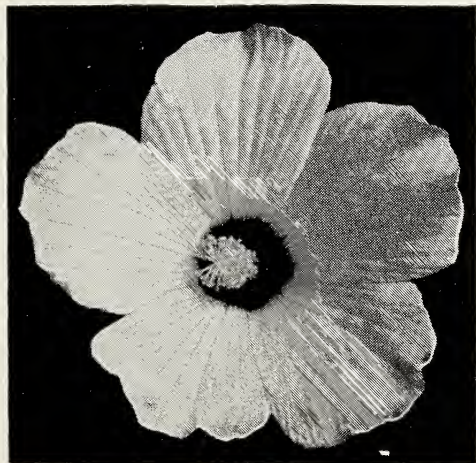

For Renewing Old Lawns—Use about one-half the quantity given above.

“WAGNER PARK” Grass Seed—A special mixture which we prepare. Prices: 35 cents per pound; 5 pounds for \$1.60; bushel (20 pounds) for \$6.00.

“PREMIUM” Grass Seed—This mixture, while not quite equal in quality to “Wagner Park” variety, is a good clean mixture and an excellent lawn may be produced with it. Prices: 30 cents per pound; 5 pounds, \$1.35; bushel (16 pounds) \$4.00.

“SHADY LAWN” Grass Seed—Fine for shady places and where other grasses will not grow. 40 cents per pound; 5 pounds, \$1.75; bushel (16 pounds), \$5.00.

“GOLF LINK” Grass Seed—A fine mixture for extensive lawns and grounds in general. 20 cents per pound; 5 pounds, 90 cents; bushel (16 pounds), \$2.50.

Mallo

WAGNER MALLOWS

GORGEOUS IN COLOR
HARDY AS AN OAK

The beauty of these grand plants is indescribable. The flowers are of enormous size, often measuring eight to ten inches across. They bloom in the greatest profusion from July to October, and when in bloom are a sight to behold. In short it is the most marvelous outdoor plant grown.

WAGNER'S RED MALLOWS. Beautiful shades of red. Strong roots, sure to bloom the first season, 50 cents each. Extra heavy three-year clumps, \$1.50 each.

Have you ever tried a “Hollyhock Path” Garden Lover?

Nothing to do with the “primrose path,” but incidentally almost the prettiest sight in gardendom.

Yes, of course, Hollyhocks in colonies or in a formal line anywhere are always pretty. But a “Hollyhock Path” is beautiful, and if you have a chance to make one don’t miss it.

The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your blase “garden expert” gets out his enthusiasm for the Hollyhock Path.

Wordsworth, you will remember, who loved flowers and knew them, was a great Hollyhockian. His Avenue of Hollyhocks at “Townend,” in lovely Grassmere, was famous. He used always to take his guests to see it. An eight foot grass walk with stately, myriad-colored shafts spiring up on either side for three hundred feet.

You can approach the Wordsworth effect on your place. The plants need not be set out with great exactness, but compactly; neither need color juxtaposition be considered, but firstly and lastly the plants themselves should be fine, strong, up-standing fellows. The following varieties have been especially grown for our clients and will give entire satisfaction.

Wagner’s Pink Beauty—Double

This variety is indeed a beauty and distinct from all other Hollyhocks. The flowers are borne on tall upright stalks and are of a most pleasing shade of pink and perfectly double. The plants we offer are fine and sure to give satisfaction. They are hardy and require no special care and attention after once established, in fact increase in effectiveness year after year. An unusual opportunity to get a variety that is sure to please. Strong plants, \$2.00 per dozen; \$12.00 per 100. Extra heavy plants, 50 cents each; \$5.00 per dozen.

New Mammoth Allegheny This grand species is a decided improvement in more than one particular over the old-fashioned single varieties. Its first point of merit is the fine, transparent, fringed chrysanthemum shaped flowers, which look as though they were made of crushed silk. Mixed colors in shell pink, rose, and ruby red, always a shade or two deeper at the center and exquisitely tinted towards the edge. Good strong plants, \$1.50 per dozen; \$10.00 per 100. Extra large, 30 cents each, \$3.00 per dozen.
